APOSTOLIC OVERSIGHT: VISION AND PRACTICAL DEVELOPMENT

~ DR. RODNEY HEIN

INTRODUCTION: As Founder and President of this ministry, I am proud of the accomplishments of each person and department. Vision and hard work from each person has built a great ministry. Thank you everyone!

TEAM GROWTH: We have seen a general maturity growth within Team. Some of our newer team members have really taken on owner-ship of the ministry.

A high level of maturity and responsibility is evident in the Mozambican Leadership. While foreign leaders are valuable and needed and doing well, we welcome this push forward from the Mozambican members in all areas of ministry; particularly in planning, development, handling finances and branching out into wider arenas. This has brought us all up to a higher level.

PRACTICAL ACCOMPLISHMENTS OF FOUR BASES:

Inhaminga:

- The Bible School was closed due to the pandemic.
- The staff were able to reach many areas with healthcare and encouragement.
- Much maintenance was carried out in that time.
- Vehicle maintenance has been a struggle due to the bad roads.

Gorongosa:

- A security wall was built around the Gravata house.
- The church foundation was secured with a plaster apron to prevent water eroding the foundation.
- The Kids Club kitchen was built.

Nacala:

- Completed the electric fence on the East of the campus.
- Foundation of the dormitories were plastered and painted inside and out.
- Started renovation on the workers toilets and new workers machessa.

serve in areas where help is needed but due to the epidemic have not been able to get back.

Chris and Deborah Maas as the new directors of Nacala Base have jumped in and run with their renewed vision and have formed a strong relationship with the whole team. Their commitment and ability have been an inspiration to all of us to GET THINGS DONE. New ideas with the full back up of the Nacala Team and has brought incredible change both physically as well as spiritually. The hand over was done with utmost respect and honour from both couples, the transition has gone very well indeed. Congratulations.

Nampula:

- Started building new toilets for the church.
- The Church has done an amazing work of financing the upkeep of the Church. Road drains put in, front yard paving and seating area outside the Church.

THE CHURCHES:

The churches have been visited and encouraged through this pandemic.

Inhaminga Vila: Although the church was closed the church continued from house to house encouraging and teaching. We were able to do this as the government wanted the leadership to teach the people about health care due to the epidemic. There was no slowdown of effort but an increase of different opportunities for the Gospel. Without doubt, Afrika Wa Yesu is making great impact in the community and surrounding areas. The churches between Inhaminga and Gorongosa have been visited and encouraged through this epidemic, although many people are having to move out of the National Park where they have had their homes.

Inhaminga Wa Yesu is a model church for all the Bible School students to aspire to. Financially the church is self-sustaining and developing all the time. We highly commend the Leadership.

The roof of the Youth Center was completely destroyed in a high wind. The ministry replaced and strengthened the roof.

NOTE: Jeff and Nicole Reetz returned home to the USA at the end of August 2019. We are glad to know they will periodically visit AWYesu to participate and

Milange Church: The Inhaminga building team of 20, were sent to Milange to build the church. After failing to find a more central plot we decided to build on the plot that was already purchased, in a new area of development. It is about 20 minutes walk from the town center. The team were there 6 weeks and completed the Church building, dug and lined a 20mt well, dug and built 2 pit toilets and built a 2 room cottage for residence. 4 local workers were employed and the Church congregation helped a lot with carrying water, loaning sand etc.

Chiluvu Church: Pastor Lino and a small team from Inhaminga completed the new Church. The original Church was totally destroyed in the cyclone. Well done Ps Lino.

Ndoro Church: The Inhaminga building team completed the Church and built good pit toilets.

Igreja Ndoro wa Yesu

Salinas Church: The Votec students were on a construction course so were able to put their new skills to test by building the Salinas Church. They did most of the construction then the Nacala team put on the roof and finished it off.

Igreja Salinas wa Yesu

Inhaminga Airstrip: A continued project that has taken a lot of effort, hard work and finances. The airstrip is open to all military and civilian aircraft, except to Rodney Hein. Though we maintain it and have made many appeals, the government refuse to allow us to use the airstrip.

Escola Aerodromo: We finished building a beautiful two classroom primary school complete with teachers meeting room, office, toilets and hand washing

facilities. It is on a big property with plenty of trees. The kids soccer field is a fun place for the whole community. Most of the area was planted to a hardy grass. This is a government school run by government teachers, a gift from Afrika Wa Yesu to the community.

Teaching in the classroom at the Escola Aerodromo

Special Commendation, Inhaminga Building Team: We highly commend the Inhaminga Building Team that has been responsible for almost all the building progress in the ministry. They are dedicated, hardworking and also affect each region through their Christian testimony. This building Team is led primarily by Pastor Lino and his brother Alberto.

Crusade Equipment: Each base has reported that this is working well and is making a huge difference.

SPIRITUAL PROGRESS

Bible Schools: The schools started off very well with a great group of students eager to increase their knowledge spiritually and physically. Inhaminga, Nacala and Votec were full. It was very disappointing to have to send them all home due to the pandemic.

Regional Spiritual Growth: An increase in Crusades to bring in a big harvest of souls has seen good success and will continue to do so.

Regional Conferences have been powerful, though since Covid-19 lockdown we have had to stop these. Visits to various region have continued and brought much encouragement. We highly commend Team for going out in spite of all restrictions and doing such a great work while staying within the government recommendations.

RELIEF AID: Only 1 flat pack house, that was not complete, materialized for the project. Aid to the north and south continued in the Cyclone areas until the month of March.

Due to the problems of war in the north we have been able to help with food and relocate people to safer places. Refugees flee with nothing, except what they can carry. We used relief money to make up basic family utensils for 110 family packs and 110 single packs.

Financial Giving for Cabo Relief: We received \$10,000.00 for relief in the north from Word of Life Church. This has been a tremendous blessing.

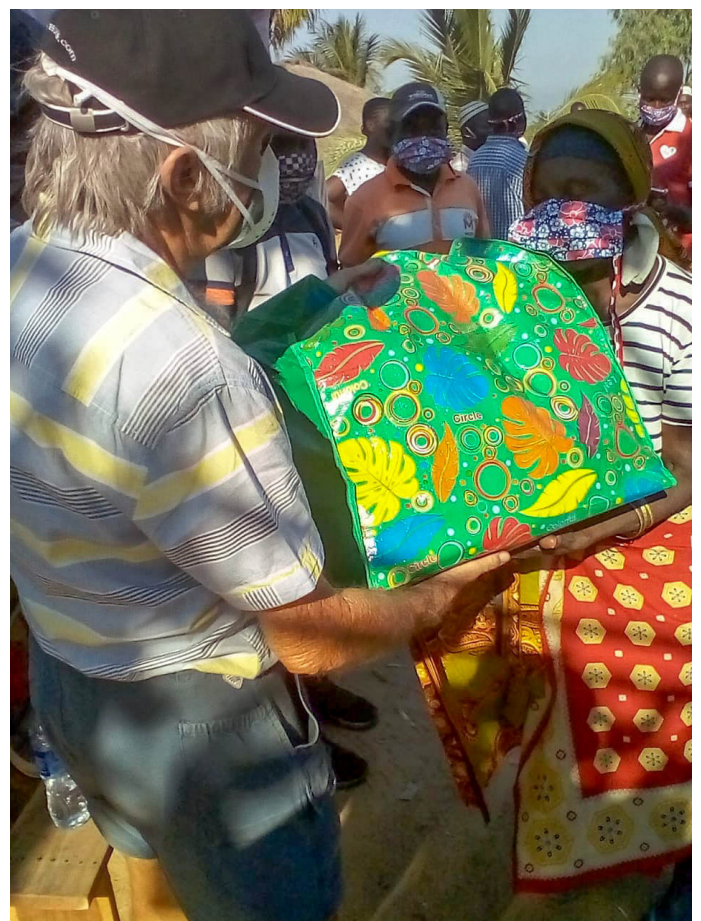

Preparing relief packs for displaced people in the north.

FUTURE VISION: It is imperative that we become more involved in helping the people of Cabo Delgado. The attacks in the North have affected our churches there, opening up new needs that we cannot ignore. Refugees are increasing in number daily. Atrocities committed are beyond description, so terrible it is hard to speak of them. We already are helping significantly and plans are opening up for our next step.

FUTURE CONSTRUCTION: Due to the war in the North our plans changed. We will continue building as the needs arise.

Blessings to you, our team, on a great year for the ministry and for our Lord.

Rodney Dustin Michael Hein
President and Founder of Afrika Wa Yesu Ministries

Helping displaced persons with basic goods.

GORONGOSA BASE

~ PS. LINO GRAVATA

I greet our beloved leaders Pai Rod, Mãe Ellie, Pastor Armando, Mãe Lourdes, Mrs. Deborah and Boss Chris.

INTRODUCTION: In order to start, I have to confess that this year was a most critical year for each of us, in ministry as well as with all of us, we are experiencing the critical situation of this pandemic that is plaguing us, thousands of people are also experiencing the difficult moment, but the Word of God says children on earth are afflicted but should be of good cheer, and thank God that in this ministry we have wonderful leaders that always has a strategy for us to grow regardless of the situation. Thank you very much Rod and Ellie for each encouragement, for each word ministered and for every word of direction.

DISTRIBUTION: This year was the year of many challenges, a lot of things were stopped but as our year always starts in July, we still did something.

Since last year I have been very involved with the help of our brothers who suffered from the cyclone in Manica provinces and, I had the opportunity to help more than 200 families by distributing rice, beans, flour, plates, cups, pots, blankets – it is a lot and each family had the reason to thank God for their help.

We helped these families for 1 year and it was a year to show our love, affection and passion to our brothers for the situation they were going through.

While I was helping with food, I was also building the church at Chiluvo, in which had suffered from a cyclone and everything had been destroyed, but God opened the door for the church to be built from there. And when we built the church we saw the people of Chiluvo excited and helping the workers with water, with their strengths helping to make a pit for the ditch, the women fetching water and helping to wash the workers' clothes, that was something really touched me. When we finished with the construction the people started to worship in the finished church while waiting for the inauguration of the church itself.

CONSTRUCTION: When we finished Chiluvo we made building plans for the construction of Ndoro. I went to Ndoro to leave the workers and schedule the construction of the church, I had the privilege of interacting long distance with the workers because I couldn't be there all the time, but I went over and over to see the work. But the thing that cheers my heart was seeing the group of workers growing up doing work alone.

The church of Ndoro was also a miracle because it didn't cost a lot to finish its construction, because each worker had the courage and the will to work, thank God we were able to finish the construction and now the people are worshiping inside the church waiting for the inauguration of the building, I'm happy.

Still going with the construction I want to talk about the great miracle that happened in the construction of the Milange church. Speaking of that, we could say or call it a miraculous construction, we started the construction in a good environment but a while later the situation of coronavirus appeared, this left the workers so shaken and concerned when they were away from their residences. I had to talk to all the workers and I gave them freedom to return to their homes but many of them decided to stay with the team but some of them decided to return, which was also not wrong they wanted to be closer to their families.

I saw how much obedience there is in the lives of the workers, everyone was concerned but we, outside and in long-run we managed to start and to finish building Milange. Today we have a very beautiful building there, we have a well, we have a house there for accommodation and it was the work that we built in 6 weeks. Since I started building we have never done a

work like that in less than 6 weeks so this shows that it was a miracle.

Today can I say that God and for us who will be against us? No one because the enemy has no space in this ministry.

After we came back from miracles a while later, I went to Inhaminga to take the workers so they could help with a small job here in Gorongosa was to be able to help a part of the church wall that was being eroded. Thank goodness we managed to get the job done without creating any damage to other walls.

I want to take this opportunity to be able to speak to my leaders – I feel at home within this ministry, everything I do I look as if it were my own work I do with love and passion, God called me to work with my hands and I like this call. Thank you very much Pai Rodney and Mãe Ellie who have always supported me, Pastor Armando and Mãe Lurdes who have always been by my side giving me strength and courage and have been praying for me and giving support in my marriage whenever necessary.

***Ps. Lino & Telvina Antonio Gravata**
Afrika Wa Yesu, Gorongosa Base*

Ndoro Wa Yesu

Milange Wa Yesu

NAMPULA BASE

~ PS. ARMANDO JÓ

Founders of Afrika Wa Yesu, respected members of the board, dear Team: Our warmest greetings, in Christ Jesus, from Nampula!

First of all, we would like to thank the Lord Jesus Christ, who in His infinite grace and mercy, has made us triumphant in all things throughout the year. We address our warmest greetings to the Founders and to the entire blessed Afrika Wa Yesu Family in Mozambique and around the world!

We are so pleased, in the context of our Nampula Base Leadership, to present an annual report for the period from July 2019 to July 2020. This report reflects the general work.

1. **Local Church**
2. **Bible School**
3. **Children's Club**
4. **Vision**
5. **Conclusion and Gratitude**

Nampula Wa Yesu, counting until July 2020, with 200 active, committed adult members and 48 children (5-12 years old).

LOCAL CHURCH: We want to encourage everyone, that the church, has a history of struggles and survival throughout its existence, on the face of the earth. And the Church, in the present times, is going through a very complex phase, but, Christ's promise remains, "the gates of hell, the church did not prevail against her". (Matthew 16).

Leadership: Nampula Wa Yesu, funciona com Conselho Apostólico, o Presbitério e Lideres das Casas de Paz.

Apostolic Council: This is made up of 6 couples, which corresponds to 12 people, who take care of all the functioning and offices as general Apostolic coverage for the Church and the rest of the Departments inside the Church and all the ministry outside the local church. We are very happy that the multiple responsibilities are shared so that everyone participates in the well being of the local body.

The Presbytry: This is made up of each main

Department Leader in function in the church. This leadership takes care, particularly the different groups of action within the local church, so as not to burden the Apostolic Council. Currently we have 12 active Departments that served the Church and we have seen a lot of involvement, groups described below in this report. It has been a lot of joy, serving together.

Houses of Peace: We have 10 Houses of Peace located in and around the city of Nampula. The Vision of House of Peace has made possible the survival of Nampula Wa Yesu, during the critical moments of church life. We must emphasize here that at the beginning of the Church in Nampula, our vision with the Houses of Peace was to feed the Mother Church. However, with the growth of the Church, our vision with houses of Peace, now is to make them Daughter Churches and we hope that by the year, we will have our second daughter church, in Nampula. In addition to our peace houses in Nampula Wa Yesu, we have other new HOPs, outside the city of Nampula. The Vision is clear and the church is embracing the vision of the Houses of Peace.

WOMEN'S MINISTRY: The work that the women have done throughout the year is very admirable. Several local conferences were held as part of the new vision. In the past, conferences were held for much larger groups and it was very difficult to give particular attention, due to the existence of many children and different group levels. This year, the work was done at the base level, in the Districts, such as: Magiga, Nacavala, Ribaue, Cuamba, Murrupula and among other areas. Looking back, it is possible to hear the impact of the work of the women's group from Nampula.

The women also created a very strong leadership system in Nampula Wa Yesu, which allowed caring and following up for all the Districts where we have churches. Also, we have 2 ladies from Nampula, who who care for other women in each District and this helped, in a way, decongest the burden on Pra. Lurdes. Melita is the women's leader in Nampula. During this period of crisis, the women's work is still active in all Districts and they are able to keep in touch and follow up. We believe that this type of ground work is a secret for the survival of the work. We praise God for the wise guidance of the Nampula Women.

YOUTH - THE FORCE OF CHANGE: The church has placed special attention on the youth, because they represent the hope and strength of the church, for change both today and tomorrow. Throughout this year, the church provided the Youth group with ample opportunity to run the church for an entire month. We believe that by giving them the opportunity to experience church leadership, it offers connection, identity and inclusion in the life of the church.

The youth have had several meetings to improve relationships and to teach and launch the vision of the church and young people. Also, our young people introduced the system of receiving and qualifying new young people within the group and the church, showing much love, affection and acceptance.

Youth Vision: Our Youth Pastor, is a health professional and he has the vision of taking young people to involve them in doing something practical, to stimulate interest in art, production and productivity. And some of these plans were carried out and others became plaintiffs, due to C19. We are happy for the advancement of our young people throughout the year.

FATHERS - HEAD OF THE FAMILY: In Macua culture, where the church is located, the FATHER, plays a traditionally highly respected role. We have the vision, as the church, to create a Father's movement, and that, it has always been my desire, as Pastor, to see the group of men's group active, and not only within their own homes, but also in their community and place of work. I would like to see the men, very close and create a strong bond between us. We started the "Men's Fellowship" meetings in March and due to the changes, this group did not have the chance to breakthrough. Therefore, the group is still standing, meeting in small capacity. We have a small group of about 10 fathers, in addition to the others who have not yet caught the vision, but we will reach them.

CONSTRUCTION AND MAINTENANCE: We recognize the construction and maintenance of heritage, as an integral part of the proper functioning of any church. We have grown a few steps forward in this area. The Lord Jesus, brought us a soul, who is a Master in the area of construction. He has been with us for over a year and together with him we have a work team made up of members of the local church. And throughout this year, we did a major renovation and upgrade of our building. We are very proud of the tangible progress in this Department.

We pave the outside of the church, we definitively solved the problem of mud on the church gate, we ornament the front view, we put pavement in the interior yard of the church, we set up new benches, we remodeled our stairs, we improved the school, we transformed a small useless piece into a portion useful on the school side and we are completing our new and improved new bathroom and latrine. We are making a difference in small things and our community is inspired. The Church, a light on the mountain, here in our community.

EVANGELISM AND CRUSADES - NATIVE MISSIONARIES: Native missionaries, identifies the group of 12 brothers from Nampula Wa Yesu, who embraced the vision of carrying the gospel, with our crusade equipment, which is perfect for what we need to reach souls.

We did about 18 crusades in the period between 2019-2020 and our last crusade was in February 2020, in Nakoma, Menconta District. Over the months we have received a report from the places where we started to evangelize with Jesus film, personal evangelism and crusades. Our Church Leaders are very eager and the churches are strengthened.

Our vision is to continue to carry out more evangelism, especially in rural areas, where the people have less access to the Word and are stronger. We had scheduled 15 tours for February-November 2020 and due to the pandemic, we did just 1. We believe that God will restore the lost time. We have already maintained our material and our team is ready and just waiting for the gates to open. Sera is big, but few are reapers and we are ready (Matthew 9).

SECRETARY AND FINANCE: I don't know what it would be like without this Department in operation! God has given us some key, faithful and capable people to do this job, with great excellence, and one of them is sister Elsa. Mis. Dora, she passed a good training for her and the Administrative anointing as well. The church is confident and feels very safe by the way this group handles the finances. We noticed a great financial growth throughout the year, with a minimum monthly income of 40,000-50,000mts. Due C-19, our income went down to 20.000mts a month. Our expenses cover the security of the church and the Children's Club, cleaning, maintenance, electricity, water, caring for the needy people of the church, evangelistic trips, Geraldo's monthly support in Quelimane Wa Yesu and Pr. José, from Ribaue, among other basic needs of the Church.

HELPERS: These workers, are essentially evangelists and serve as a support base, during the services, taking care of the visitors, praying for the people who manifest and keep the good environment. These helpers, they also join the native missionaries, visiting new church converts and taking do a follow up. In this way, the church responsibility is distributed by the various Departments. It has been a great blessing for the local church.

PRAYER AND INTERCESSION: We believe in the power of prayer, like church coverage. We have a group that is always in the gap, with the call to pray and intercede for the church. This group, in addition to praying separately, we allocate a day when the church

is invited during the week in the prayer service. We are restoring the prayer altar inside the church, and carrying this fire to their homes and wherever they go. Praying without ceasing is the guidance of the scriptures.

Nampula Wa Yesu was instructed to pray not only for the local church, but to connect with all Afrika Wa Yesu and the body of Christ worldwide, battling for faith, for the advancement of the Church on earth. We are always praying for you!

BIBLE SCHOOL: Knowledge is power and the key to the growth of any entity. The church grows and is strengthened through the foundations of faith. This year, Nampula Wa Yesu guided the entire leadership, those who had not attend Bible school, did so this year. Our capacity was 50 students and we had a full class, very enthusiastic students.

Throughout the course, we made an exception for those who, due to extenuating circumstances, could not attend classroom lessons. They did the classes by correspondence and were present on weekends. Everything was going very well, but suddenly, things have changed. We started with 3 experienced teachers and 3 on internships. Our God, is able to restore all things. We would like to have our classes again, as far as we can pull, because of simple facts, that circumstances change and we want to take advantage of the good mood and the favorable environment of the students.

KIDS CLUBS: This is a neutral instrument for transforming a community. Our Kids Club started with about 100 children, coming from a mixed profile. Among them are children of Afrika Wa Yesu believers, other churches, non-believers, Muslims, to the point of filling the 3 classes. The impact of our little school has spread so fast that we had to turn away some children, and others are already reserving spaces for their youngest children for 2021.

Another important detail is, due to the lack of space, we ended up using the church office, transforming it into a classroom. We have a team of 8 teachers, including Débora, and another assistant person, making 10 people, a very relevant number to work and take care of the children. We point out that our little school works under the PEPE coverage, hence the fee collection, has a fixed value of 500mts. From this amount comes the teachers' salary and a small snack for children. The Kids Club is making a

difference in the community and also the generation in preparation!

VISION: Nampula Wa Yesu is following the primordial Afrika Wa Yesu ministry vision and at the same time, we have sub-visions that we feel as a local church which we need to focus periodically, giving a certain emphasis in a certain direction from time to time. Among several we highlight the following:

- *Reach non-believing professionals, through professional believers, eg: Police reaching police, nurses reaching nurses and so on.*
- *Each believer, an active minister. Involve members more in the mission of the church, making the church the kingdom of the priestly. We are doing this intentionally.*
- *Local pastor. In the next 2 years (2022), raise someone up to lead the church.*
- *Register the members of the church and register all the patronage of the church, due to the new times in Mozambique is entering.*

CONCLUSION: We thank the Founders for their coverage and wise direction while taking Afrika Wa Yesu to an even higher level. Recognizing, equally, the symbiotic work of the team, each in their area of jurisdiction and, at the same time, helping each other to realize their dream.

The leadership of Nampula Wa Yesu, is a treasure and precious gift that Spirit has joined for a time like this. As we end the ministerial year, this July, we pray to the Lord Jesus, who will free us from all the evil of the enemy's devices, so that in 12 months we will again count the wonders of God among us!

EBENEZER, thus far, the Lord Jesus has helped us!
With love and care,

Prs. Armando & Lurdes Jó

Together with the leadership of the NAMPULA BASE

INHAMINGA CAMPUS

~ MR AARON RISSLER

Dear Mr Rodney & Mrs Ellie, President and Founders,

The year 2020 has been full of unexpected events, which have affected everyone. Even in the midst of this, we make the most of the opportunities that surround us. The campus Bible school facilities have been empty during the national state of emergency shutdowns. Maintenance and improvements to the property and buildings continue, in order to have an even better place prepared for the return of the students. We are grateful for God's provision for Mozambique and the work at Inhaminga Campus. Thank you to the faithful friends and ministry partners of Afrika Wa Yesu, who's prayer and financial partnership makes it possible for us to minister to the nation, raising up a new generation of disciples to transform their world through the love of Jesus Christ. The following is the 2020 Inhaminga campus report.

CAMPUS DESCRIPTION: Situated on 79 hectares, adjoining Inhaminga aerodrome, 3km west of Inhaminga Vila.

Campus Infrastructure

- Main Bible School building with lecture room, offices, apartment and guest bedrooms
- Secondary lecture room with library
- Auditorium
- Kitchen & dining area
- 5 Dormitory blocks
- Grinding mill and food storage building with workshop
- Dental clinic
- Campsite with toilets & showers
- 15 kVa Backup generator
- 4 Boreholes
- Football field

Campus Staff Housing

- 5 Single family houses
- 4 Duplex houses
- 1 Detached garage with guest apartment

SUMMARY OF ACTIVITIES: Detailed reports of campus activities listed below have been submitted by the department heads.

BIBLE SCHOOL TERMS:

Basic Biblical Studies Course of 62 students (February

- March 2020) Course incomplete due to Covid-19 state of emergency closure of all teaching institutions in March.

CONFERENCES AND SEMINARS:

- Central Region Women's Conference (August 2019)
- Cheringoma District Children's Conference (December 2019)
- Inhaminga Apostolic Conference (January 2020)

OFF CAMPUS PROJECTS ASSISTED WITH MATERIAL, LOGISTICAL OR PERSONNEL SUPPORT:

- Afrika Wa Yesu Church planting
- Casa Esperança Childrens Center
- Dimba Primary School additional classroom construction

FINAL CONSIDERATIONS: We look forward to resumption of Bible school classes and conferences in 2021. We believe Inhaminga campus, located in the heart of this great nation, has a vital future role in strengthening the church through leadership training, and preparation of the Bride of Christ, in the years ahead.

Respectfully submitted by

Aaron Reiff Rissler

Director of Inhaminga Campus

NACALA CAMPUS

~ CHRISTIAAN & DEBORAH MAAS

It has been a great honour to take on the role of Directorship of the Nacala Campus for the past year. There have been many changes and adjustments made, and the team and staff have been incredibly supportive and enthusiastic through it all. Our main objective was to unify the two designations of “Bible School” and “Vocational Centre” into one “Nacala Campus” - we believe this has happened successfully. All the staff are on one payroll with uniform regulations and policies. This has brought unity on the base as well as within the team – with faculty members teaching in both Bible School and Vocational Centre Departments as the need and desire arises.

JULY – DECEMBER 2019: We invested much into the merging of the two departments during this time, working with the staff contracts and carrying out extensive renovations throughout the campus in preparation for the 2020 School terms. The Vocational Centre successfully completed their first Construction Course – one of the student building projects were to add back verandahs to the faculty housing on campus. They also built the staff matchessa and constructed a church building for Salinas wa Yesu. The faculty held a training seminar for local church leaders at Muzuane Wa Yesu on how to hold crusades, and crusades were held by students and team in the surrounding areas of Merenguze, Salina, Tomate, and Coutinho. There was also a youth conference held in August on the base.

JANUARY – JULY 2020: The year started with Apostolic Conference, it was precious and purposeful. We started classes in February with our Electrics course at the Vocational Centre and Bible School students.

Unfortunately, both these terms were cut short when the government mandated school closures in mid-March due to the global pandemic, COVID-19. We still hope to conclude the electrics course later this year, and call the Bible School students back in 2021 to finish their course.

With no full time school and severe restrictions on local church ministry, our focus returned to campus projects and development. Included in this report is a list of improvements made. We also used the campus as a base for distribution for refugees affected by the insurgent terrorist attacks in the North, which have been steadily increasing. We also took to making masks for distribution as per government regulations.

We have experienced tremendous growth on team as we received Jemusse and Raquel from Inhaminga. They have made a marked impact here though their work with the staff and in the Bible School and local churches. Our team families have also grown, with a total of four children now living on the base.

Although we all felt a bit blindsided by the unexpected turn of events and upheaval of plans in 2020, disappointed in not seeing a graduating term this year and unable to put much effort into evangelism and church growth, it has proved to have been a vital year for the establishing and fortification of the Nacala base under new leadership, and unity among faculty

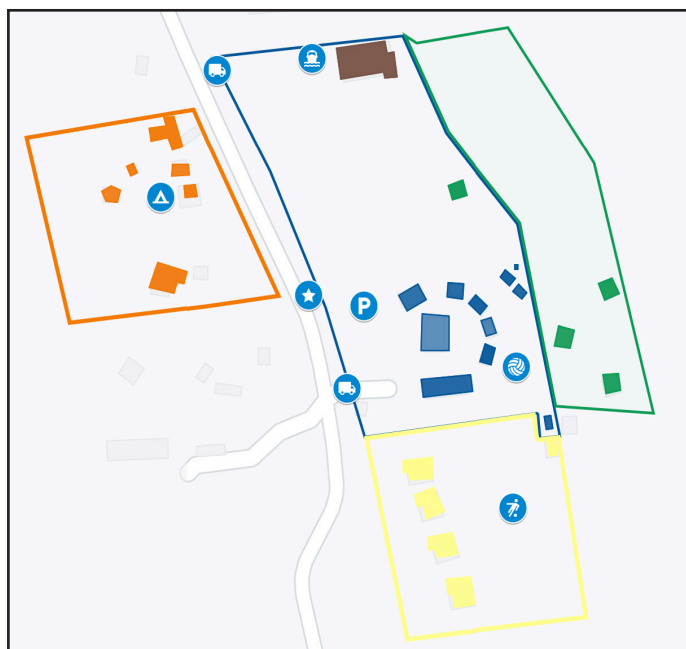

and staff. We look forward to the year ahead as one of fruition and Kingdom expansion.

Although we all felt a bit blindsided by the unexpected turn of events and upheaval of plans in 2020, disappointed in not seeing a graduating term this year and unable to put much effort into evangelism and church growth, it has proved to have been a vital year for the establishing and fortification of the Nacala base under new leadership, and unity among faculty and staff. We look forward to the year ahead as one of fruition and Kingdom expansion.

CAMPUS PHYSICAL DESCRIPTION: The Nacala Campus consists of five (5) hectares. There are a total of twenty-eight (28) buildings consisting of the following:

- 1 Campus Kitchen & Cafeteria
- 1 Campus Lecture Hall
- 1 Campus Administration Block
- 4 Campus Dormitories
- 5 Ablution Blocks
- 1 Vocational Centre Multipurpose Building
- 4 Faculty Houses
- 4 Hospitality Houses

- 4 Mission Houses
- 1 Service Area
- 2 Matchessas

The campus has electricity supplied by EDM and one (1) bore-hole for water, depth 70 metres. Eight (8) of the houses have direct EDM electrical supply. The Bible School and the Vocational School have their own direct supply.

All Title Deeds for the original property are in hand, except for lots 64, 65 and 66, and the land between these lots and the beach. Final action to transfer Lot 66 (including Maas house and Hein Cottage) have been submitted to Department of Finance for final registration. Final action to transfer Lots 64-65 to AWY ministry requires an in-person signature from the current titular who has been out of the country for the past year. We await Mr Reetz' return to finalise the transfer of these title deeds.

NEW DEVELOPMENT:

- Construction of DuraWall between the school grounds and the Faculty Housing is underway.
- Campus dormitory rooms painted inside, windows and doors repaired and varnished.
- Campus dormitory rooms received concrete shoulders to counter erosion
- Campus Lecture Hall completely renovated, new wiring, lighting, plastering, painting, platform extended, teacher's door added, drainage and entrances modified.
- Campus Kitchen Storeroom completely renovated, painted, wiring, lighting, shelving, new deep freeze added, storage facilities.
- Campus Hospitality Storeroom completely renovated, painted, wiring, lighting, shelving, storage facilities.
- Faculty and Mission Housing Agreements distributed and signed
- Mission Hospitality 2 renovated
- Campus Cafeteria area renovated, tables and chairs repaired and painted
- Road works: constant road repairs on a municipal road, as well as drainage and pathways on campus.
- Vehicle Maintenance: Minibus, White truck, Blue truck, Nissan Pick-up, Crane truck, all in working order.
- Football field: Trees planted, area turned in recreational zone for students, volleyball court restored.
- Campgrounds: Ablution blocks completed behind the matchessa, male and female, each with a shower and a toilet.
- Staff bathrooms: completely renovated, women's bathroom supplied.
- Campus ablutions repaired
- Working Staff: Brought under same procedures. Unification of two bases into one.
- Working Staff meeting area – matchessa.
- Boat House constructed at the Vocational Centre
- Faculty Houses had back verandahs added to them.

- Borehole: The pump was replaced this year using the spare pump we had on hand. The water storage system has been upgraded and completed.
- Plumbing: water shut off valves installed for the east side of campus.

CAMPUS STAFF/WORKERS:

- 15 – Night Guards
- 9 – Day Guards/Gardeners
- 7 – Teachers (3 - Vocational, 4 - Bible School)
- 3 – Cooks
- 3 – Temporary Workers (2 domestics, 1 woodshop)
- 2 – Woodshop
- 1 – Driver
- 1 – Builder

All permanent workers are fully documented with B.I.'s, contracts and employment folders. INSS registration is complete for all workers.

EVENTS:

- Youth Conference - August 2019
- Crusade Training - August 2019
- Votec Construction Course - September-December 2019
- Apostolic Conference - January 2020
- Bible School 2020 – cut short
- Votec Electrics course 2020 – cut short
- Nacala Mini-Conference – June 2020

FUTURE PROJECTS:

- Staff matchessa completed
- Construct workshop and storage area
- Replace main water pipe on West side of campus
- Install credilecs on two campus houses
- Connect to Fipag
- Resolve outstanding title deeds
- Campus Administration Office renovated – toilet, archives, storeroom, ceiling “ADMIN BLOCK”
- Mission Hospitality Houses – renovated, aircons, fridges, kettles replaced.
- Construct two more faculty houses
- Renovate the Campus Administration block to include a library and archives
- Replace dormitory roofs

Diretores do Campo de Afrika Wa Yesu Nacala

VOCATIONAL CENTRE

~ CHRISTIAAN & DEBORAH MAAS

INTRODUCTION: The year 2019-2020 has been an incredible time of transition for us as a base as we've melded from 'Vocational Centre Directors' to 'Nacala Base Directors'. We've seen the Vocational Centre incredibly involved in everything we've thrown ourselves into doing, but at the same time have noticed some things falling through the cracks, which will be adjusted in the year to come.

2019: In September, 2019, we received 17 students at the Vocational Centre to run our first 'Construction Course'. This vision was birthed in response to the two Cyclones which had ravaged Mozambique in the beginning of the year, Cyclone Idai and Cyclone Kenneth, as the country was looking to rebuild many destroyed homes and businesses. We had the perfect projects for them to work on as practical courses, as well! Under the instruction of Maestre Juma, they added back verandahs to three Faculty Houses on

campus, built a worker's matchessa, and constructed a church building at Salinas.

Throughout their term on campus they received instruction from all the Afrika wa Yesu Team on the base, the array of teaching personalities and subjects increased their desire to live and effective Christian life. They were taught basic business skills, Death to Self, Prayer and Fasting, and Supernatural Evangelism. The students participated in four crusades in the outlying areas of Merenguze, Salinas, Tomate and Couve, and graduated in December well equipped.

2020: We received 12 electricians students along with the Bible School students at the beginning of the year, and there was a great meld of teaching cross-overs between the Bible School and the Vocational Centre. The team all worked very well together, Rogerio especially was very happy to finally have his electricians class to teach. He worked very hard on readjusting the Electricians manual and Jeosafá helped him lay it all out, and the course was going very well. Unfortunately, it came to a screeching halt with most other events worldwide when Covid-19 hit the scene. Schools had to close and students were sadly sent home, with the hope and the promise that when things open up, they can come back and complete their course. At this stage, we hope to receive these students back in September for two months as they revise and complete their electricians course.

FOLLOW-UP: This year we were unable to do much follow up, travels were limited. However, we have been in contact with a few students through WhatsApp and testimonies from their Pastors, and we look forward to doing follow-up next year. Alumni in the north have been horribly affected by the war, like everyone else, losing family members and businesses and homes. This

breaks our hearts. We need to connect and see where we can offer support. guerra, como todo mundo, perdendo parentes, negócios e casas. Isso parte nossos corações. Precisamos nos conectar e ver onde podemos oferecer suporte.

TEAM: Rogério - He has grown much and proven to be a very teachable and hard-working young man. At the AGM this year he was presented and accepted as an AWY Team Member – part of the Core Leadership. We are pleased with his commitment to Afrika Wa Yesu and look forward to his impact on the students and community in the years to come.

Álvaro - The birth of their baby boy, Elioinai, has brought Álvaro into a new level of responsibility as he navigates fatherhood. He takes on many responsibilities around Nacala, the woodshop, Muzuane church, and now is the Nacala team pastor as well. We look forward to seeing him grow in confidence in his ability and gifting as he answers God's call on his life.

Pedro - Also welcoming a new addition to their family, a second daughter, Gilca, Pedro and his family have continued to put their heart into campus living, the Vocational Centre, and especially outreaches. They are passionate about reaching the lost. We have placed Pedro as Department Leader for the Vocational Centre, for him to be more responsible for the logistical running of the Vocational Centre when we have students.

Emma - Working hard to maintain accounts and records up to date, and constantly looking for ways to improve the daily running of the entire campus, she is invaluable and we are grateful for her continued participation at Afrika Wa Yesu!

WOODSHOP: The wood shop has had a busy year completing some big orders. We prefer doing large orders instead of little once-off orders. Our carpenters have also been busy at the new Salina Church making and fitting doors and windows. They have also done a lot of odd jobs around the campus fixing doors and windows and re-varnishing. We did an order for doors for a new hotel being built on Ilha de Mozambique and unfortunately due to the Coronavirus lockdown the whole island has been closed to visitors and therefore the hotels and restaurants are not receiving any income. We have a few quotes out with clients but due to the economic situation people have put the orders on hold until hopefully we can get back to normal.

VISION 2021: Seeing how things rather fell flat on their face this year, we keep our 2020 vision intact in an effort to reach it in 2021! We are pleased to be able to offer more of a variety of courses at the Vocational Centre. We would like to take another look at how we can help the women of Mozambique, and we need to refine our student-teacher interaction and discipleship programs. We would also like to make more of an effort to be involved in community projects, representing the body of Christ on a practical level. We are thankful for the opportunity to operate under the covering of Afrika wa Yesu, a ministry which in no way limits our vision, and is always pushing us to grow and develop. Thank you for all you put into our lives. There are no end of ideas or opportunities, *carpé diem!*

Chris & Deborah Maas

INHAMINGA BIBLE SCHOOL

~ PR MARIANO NOTA

INTRODUCTION: First of all, I would like to thank God for the life and health that He has always given us, not forgetting to also greet our Presidents and Founders, for their dedication and service for the advancement of the kingdom of God, may God bless them richly with all wisdom. I also want to thank God for the lives of my department colleagues, I mean the teachers. I am very grateful to God for the life of Sabão, Nelson and Isak who are part of my team and my department, these men have been a fundamental blessing for the school, not only in the classroom but in the students' lives. I have noticed a great growth in each of their lives, while every day we learn to improve our relationship and communication as a team. With these men, not only were we able to cover the tasks of the grassroots camp, but also to meet community needs through their involvement with the local Church which is Inhaminga Wa Yesu. For this year we had received 60 students from the 4 Provinces, namely Sofala, Monica, Tetê and Zambéze, in the Bible school, in which 6 women and 54 men. During the time of Formation, we had 2 students who returned to their homes because of bad behaviour not accepted according to our school standard and we just arrived until the time of the interruption with 58 students, all of whom showed themselves to be available for their return to school when the situation is considered favourable for the return of our classes, and so far we are in communication with many students, and all of them are doing very well. Thank goodness that none of them nor their families have had any problems with this pandemic.

ACHIEVEMENTS: Although the time we had at school with our students was not very long, there was really a great spiritual impact both in the field of the base of Inhaminga as well as in the lives of the students, whose results of these impacts continue to give a lot of strength and desire in the lives of students, to serve in their Churches by helping their pastors with the work they are entrusted with. We feel like the greatest achievements are the experiences that the students had here at school: the week of Spiritual Formation, Deliverance, water baptism, baptism in the Holy Spirit, personal and collective devotions, Holy Communion, evangelism and many other things. All these events became moments of great unforgettable

experiences in the lives of students as well as in our lives. For this year we had introduced gymnastics as part of our morning moments according to what we had learned at the time of our apostolic conference on good health, it was a lot of fun and healthy at the same time, we ended up adopting it as part of our curriculum because we felt that this was missing. We thank God that we have always received help from other team members during our semesters, that this has somehow encouraged us a lot and also the students themselves to understand how we work in a family.

*Batismo nas águas e com o Espírito Santo ~
Formação Espiritual em Inhaminga.*

After the interruption of our school year due to COVID -19, we ended up extending our activities of visits, evangelism and strengthening to our leaders and members of our AWY Churches, because we understood that it was the moment that they very much needed our presence and help.

Before we even went so far, we had to organize ourselves as the leadership of Afrika Wa Yesu to strengthen our

houses of Peace, so that through them we could be able to monitor and coordinate our activities with our people, that was how after the measures from staying at home they became more and more strict, we didn't get confused because we already had programs and teams set up in the neighbourhoods that could carry out the activities. We assume the responsibility of being sure to take care of all our old people and needs by always visiting them through various teams that move around. During this period of time I noticed how the members of our Church were so determined and active and any activity even in the face of the situation that was considered so critical. That is how we were able to contribute small products and materials to help the most needy, in various aspects the Church continues today strong and united. We had some brothers who, after this situation, ended up transferring to other areas for reasons of being with their families.

Outside of these things at the level of our local Church, we also had to look at our Churches and leaders where not only me but other brothers went to give strength to the other brothers in the areas near our village. I personally had the opportunity to go out and visit our zone leaders in particular as well as in other districts with my wife such as: Nhamakaringa, Mazamba, Nhnsole, Centracao, Zuaramambo, Casa Banana, Nhamaphaza, Maringue, Ndoro, Caia, LuaLa, Minhonha e Quelimane, all of these places were really visits to give strength and courage to remain strong and firm and to encourage them to encourage their people. It was very encouraging to realize that the people, despite everything that was happening, were still strong and firm in the Faith and that, within their means, they will have some meetings to plan their activities as well as visits.

With these visiting plans, we will in a way help our Churches and the leaders of our Churches to continue forward without losing the vision that God gave us this year with the ministry and the Church.

TESTIMONIES: During my visits after the regulation of the churches I was very encouraged by the spiritual state of our brothers and leaders, in how they continued to help each other even in the midst of everything that was happening. When I was in Marringue together with Pastor Branco, I remember last night before returning to Inhaminga I had a dream of a man I knew for many years who was a believer, but after some time due to his family situation he ended up getting involved in witchcraft and he himself ended up becoming a witchdoctor.

The night before I left Marringue I had a very strange dream where in the dream, I was in a place where suddenly there were some people inside the house and these people were crying, while they were crying I felt I could approach them and see what was happening, as I got closer to those people they cried even more, being inside I felt myself removing the sheet that covered the face of the person who was dead and as soon as I opened it I saw it was my mother's face and soon I woke up from sleep. The next day while I was going to Nhamaphaza I felt very strong that I needed to call the one I had known for a long time who was now a witchdoctor. Arriving in Ndoro I made a phone call to him, he listened and I asked if it would be possible for me to meet him, he said yes, and suddenly that dream became so alive in my mind and the Spirit of God told me that that dream I had last night I should tell him, when I started to tell him he said, Stop! and told me, Pastor, everything you are telling me I also dreamed almost the same thing last night, please come here to talk with me. At that same time, I told my wife and the pastor of the Church in Ndoro with another brother who was in the house with us, I said let's go to Mr. Nherezerani's house together and told them what we were going to do there. When we got there we shared the gospel and he told us what he had dreamed of that night before, we talked about Jesus to him with his family and we prayed with the whole family and getting some practical procedures with the pastor of the church because he had said he needed to have a conversation with the rest of his family who had put him in charge with all these demonic practices. I was very impressed to see how the Spirit of God works in our lives and in the lives of others.

VISION FOR THE FUTURE: My vision continues, of training and identifying our students in our Bible schools as well as in our churches people who have a certain potential and vision to serve God where they can be recruited and trained during the time of our Bible schools, where in this period of time we can

give them the opportunity to work and serve in our churches within the region and also in our schools for more experience, I would also like to involve our ex-students who are here around Inhaminga as well as those who are far away, depending on their conditions, so that some of them can participate in our devotionals and share with the students their first months, what God did in their lives during their time at school, what he is doing now, just to motivate students new students and know that what God has done with them can also do with them.

Continue to elevate our school in various aspects as well as the level of education in our subjects as well as our own growth that will also result in the growth of our students.

We know that God has a lot to do in front of us, and that everything He has in front of us will depend a lot on what we are doing today, that the Lord will continue to bless us richly.

Together we can do it,

Mariano Nota
Diretor da Escola Bíblica de Inhaminga

NACALA BIBLE SCHOOL

~ MR AGOSTINHO LISBOA

INTRODUCTION: Peace of the Lord Jesus Christ to all members of the AWY Team, we greet everyone with the peace of our Lord and Saviour Jesus Christ. And we also praise God for the work of each member of this team, serving God full time.

We particularly salute the leaders of the Ministry for the care and commitment to our growth, we are growing and learning something new as the Holy Spirit reveals something to us from God. Also thanking God for unity and working as a team, we are growing in unity and growing on another level according to the power and anointing of the Holy Spirit.

We are now working entirely with four teachers: Agostinho, Lucas, Jemusse and Jeosafá and we also have the support of Pedro and the missionary Simona. It has been a blessing to work with this team of teachers, we have seen the growth of each one in the classroom as well as outside with the students and the community.

ACHIEVEMENTS: 2019 – 2020. It was an atypical year and with many difficulties because of the declaration of a State of Emergency.

In the first part of this year from August to December 2019 we worked with the churches and evangelism and crusades. In the second part, which is already part of 2020, we started well by receiving students, but we did not spend a lot of time with them.

First we did a training seminar for leaders for Crusades using the teaching material of Pastor Keir Tayler, we also did practical evangelism from person to person and house to house; church supervision, encouragement visits to the leaders of our local Churches; Jesus film projection and crusades.

EVANGELISM: This year we went to Coutinho, Muthia, Salinas and Merunguze areas within the District of Nacala-a-Velha. In these places we evangelized, held crusades, projected the Jesus film and encouraged people to minister and pray for them. Praying for them, some were delivered by the power of the Lord Jesus. We visit in the homes of believers encouraging them to remain steadfast in God and in His Word. After passing through these areas, there was a lot of change, Merunguze changed a lot and there was an increase in people and an interior change in people.

BIBLE SCHOOL: This year our expectations were very high for the students. We received 44 students, 39 men and 5 women. Everything at the beginning was well framed and we were on a good path, but the situation in the country with regard to the corona virus caused a delay.

In the two months we spent with the students, we saw good performance and rapid growth. They came with great expectations and that is why they were able to grow faster, but unfortunately we were unable to graduate them due to the State of Emergency.

In the spiritual formation God helped us a lot, the students were broken inside, the space was opened for the Holy Spirit to act inside them, we baptized 14 students. In the time of ministering on deliverance, it was very good to see students opening up to confessing their strengths and renouncing sin and curse.

We had a good experience of moving teachers from Inhaminga to Nacala and vice versa, this exchange was really good, it brought more freedom and we feel like children at home in all places where Afrika Wa Yesu is.

CORRESPONDENCE COURSE: We now have 18 students who are studying, but due to the state of

emergency, we had to stop making meetings at the end of each month, and this could cause the time to change until the end of the course.

SCHOOL STATISTICAL DATA:

They remain the same as the previous year because we did not graduate students this year.

Graduados ate 2020:

497 Men	49 Women	546 Total
---------	----------	-----------

LOGISTICS: This area of operation is always dependent on the economic situation in the country. This year we tried a new way of operating. We improved our storeroom by doing a little rehabilitation, placing shelves, buying containers to store some products such as rice, flour, beans, onions and garlic, buying the new freezer. We also improved our menu with an increase in some products that we didn't buy before, such as biscuits and fruits.

We had no difficulties in purchasing the products, since we are close to the stores and markets and there was no shortage of products there. Prices are a big challenge, they tend to rise each year due to the upward trend of US Dollar. Professor Lucas continues to be our food store manager, he also is growing in this area.

VISITS RECEIVED: We are very grateful to all the visitors who visited us, as they brought us a new blessing and continuous revelation, which keeps us more united to each other especially the Inhaminga and Nacala Team and with the Churches. We especially want to thank you for the constant visits of our founders Pai Rodney and Mãe Ellie.

Due to the situation of Covid-19 worldwide, all visitors canceled the trips they had booked, we cannot complain, we thank God for making us go through this experience.

Visits made:

Our team made several trips to Cabo Delgado, once to Zambézia and once to Niassa. These trips especially to Cabo Delgado were at risk because it is an area of armed conflict, but even so the purpose of these trips was greater, and we went to distribute food to the victims of Cyclone Kenneth.

Niassa and Zamézia were trips to monitor and assess the performance of former graduates and encourage churches and their leaders.

EVENTS: We continually praise God for the opportunity and continuity to host great gatherings, which come to bless us.

- Training seminar for workers for Crusades;
- Provincial Youth Conference August 2019;
- Apostolic Conference of the Team in January 2020;
- Thanks for the mini-conference held this year in Nacala

TESTEMONIES: Total salvations just in Merunguze 21 souls. In times of crusades and evangelism, we witnessed healing and deliverance and repentance. We heard people testifying about curing diseases, delivering bad dreams and pursuing demons. A young Muslim man gave his life to Jesus for the ministry of the Word of God.

Thank you very much for the opportunity to report the events of the year.

Agostinho Gamboa Lisboa

Nacala Porto, aos 12 de Junho de 2020.

JOVENS E CRIANÇAS

~ SRA SIMONA VASCONCELOS CABA

INTRODUCTION:

Then God said, "I am giving you a sign of my covenant with you and with all living creatures, for all generations to come." ~ Genesis 9:12

"Tell it to your children, and let your children tell it to their children, and their children to the next generation." ~ Joel 1: 3

There are things that we believe God is speaking to us this last year:

First, that is so important to know how to pass the baton to the next generation; God works and things generational. As AWY family, we see the need to invest in children and youth that will carry the vision of the ones before them. That they will be ignited with passion and fire from the Holy Spirit to carry further the revival; and that they will be prepared for the difficult times that are ahead of them, as they might be the generation that will see Jesus coming back.

Second, we know from the history, that God can rise up a child in the midst of a terrible spiritual and physical darkness, a child that will write history with God and change the course of the world. Someone like the child Samuel or young men like Daniel, Shadrach, Meshach and Abednego. We are living terrible and so uncertain times, but we know that God has already his prophets and wise men among the young generation, raised for such a time like this.

CHILDREN'S MINISTRY:

1. Kids Clubs: We are so grateful to God for all that He did in the lives of the children that are part of all Afrika Wa Yesu Kids Clubs: Inhaminga Wa Yesu, Casa Esperanca, Gorongoza Wa Yesu, Nampula Wa Yesu and Nacala Wa Yesu.

In the second part of 2019, 613 children were coming at least 5 days per week at the Kids Clubs, where they learned about Jesus, learned how to read and write, and had one meal per day. Young men and women from our churches had been trained how to teach these children and care about them with God's love. In December 2019, for teacher training in Beira and Nampula, we sent 11 new teachers. In the beginning of 2020, in all five Kids Clubs there were 34 teachers, total.

In November 2019, at all our 4 base churches, was the time of preschool graduation of the 121 children that were 6 years old. These kids had finished their preschool program, and their next step was registering to the primary school. What a beautiful celebration and what an opportunity to reach their parents with the Gospel!

In some of the public schools, they form special classes for the kids that are graduating from our Kids Clubs, because of their higher level of knowledge. That is an amazing testimony!

In February 2020, 689 children enrolled in our programs at Kids Clubs. The number of children has been increasing and we were more than excited to see them grow knowing Jesus and opening their minds to knowledge. But in the last 4 months, everything has been changed through the pandemic lockdown. Schools shut down, and it breaks our hearts that they are still closed. After 2 weeks of lockdown we regrouped, communicating through emails, whatsapp and phone calls, and decided to use different strategies to still see the children. We took advantage in the first month of lockdown to do a lot of teacher training, organizing and disinfected everything at the facilities. We printed activities for children with instructions for

Kids Camp - Racine

Kids Camp - Inhaminga

the parents, and in the beginning of every month, the teachers are giving new material for them. Some of the parents don't want even this type of contact, but some (in Inhaminga and Nacala) asked us to keep coming to teach their children. With masks (both the teacher and the child), lots of washing hands and keeping social distance, we continue going to the houses that opened up for us. We know that we have to find our way out, and never stop doing what God called us to do.

2. Kids Camps: There were 2 Kids Camps: In the month of August 2019, in Racine, where 68 kids from 6 different places, most of them from muslim background were treated like princess and princes by an amazing team of young people: 3 girls from Moldova and 6 leaders from Nampula and Nacala. The kids came with broken hearts from abuse, rejection and witchcraft and they left healed and touched by the Holy Spirit.

Another Camp was in the month of November 2019, in Inhaminga, where 88 kids from Inhaminga and surrounding areas came to encounter Jesus. Pastor Mariano and a team from Inhaminga reached to them with the Gospel, and we are sure their lives will never be the same. 18 kids were baptized in water and many were filled with the Holy Spirit.

3. Other Children's Ministry: In many churches, especially after our Bible School students are going home, they start to do Children Ministry. About some of them, we know, and about other ones, we found out when we visit. In Nampula, I want to comment Debora Jo, that is bursting with vision and desire to see little children and teens grow to their potential in Jesus. Together with another amazing young man Luis Tendai, are creating new ways to reach this young generation. In Nampula, they created an evangelistic program to visit the Houses of Peace, reaching the children in those areas for Jesus. At the end of last year, Debora started a new program with pastor's kids, having the passion and desire to see them serve together with their parents in God's Kingdom. Another beautiful rising of children's ministry is in Gurue, where the church leader Daniel with a group

Kids Club - Gorongosa Wa Yesu

Kids Club - Nacala Wa Yesu

Kids Club Graduation - Nampula

Kids Club Graduation - Inhaminga

of Bible School graduates besides other ministry, they are reaching the children with the love of God.

YOUTH MINISTRY: In 2019, we held 8 Youth Conferences, with 828 young people participating:

- 174 youth received the water baptism during these conferences, and so many were filled with the Holy Spirit.
- In April, 97 youth came for Provincial Youth Conference in Cabo Delgado, Mpiri.
- In May, 150 youth came for Provincial Youth Conference in Sofala, Inhamitanga.
- In August, 150 youth came for Provincial Youth Conference in Nampula, Nacala.
- And 96 youth came for District Youth Conference in Gorongosa.

In Zambezia Province we held 4 Youth Conferences:

- In September, 90 youth came for District Youth Conference in Munhonda.
- In October, 114 youth came for District Youth Conference in Morrumbala.
- 52 youth came for District Youth Conference in Magde.
- And 86 youth came for District Youth Conference in Milange.

How grateful we are for these amazing opportunities

Receiving Jesus into their hearts.

Youth Conference, Nacala

to reach the youth with the love of God. For sure, we treasure every youth meeting, seminar, conference or crusade we had. And how much we miss that time!

Because the Youth Leaders team is small, preparing and holding a conference is hard work, but how much is worth every investment. When we see the young men and women we led to Christ, or disciplined through the years, growing into a church leader, or Bible School teacher, or evangelist full of passion for souls, that is when our heavenly reward is received.

The main youth leaders that are helping and serving in Youth Conferences are Abdul Emamo, Paulo Jose, Jansen and Dora Cunha, Faustinho, Luis Tendai, Jose Sairose and Chico Jose. Thank God for everyone from our Afrika Wa Yesu team, that is serving and helping exceptionally every time is needed.

We had the honor to have Mae Ellie, Pastor Deborah Maas, Pastor Armando, Pastor Mariano, Pastor Lino e Pastor Vina to influence the lives of so many youth, and we are so grateful to God for their leadership and anointing.

VISITORS: We had 3 amazing young ladies from Moldova (Geta, Ana and Ruth), visiting us for a month (July-August 2019). They helped leading our Afrika Wa Yesu Kids Conference in Nacala and Kids Camp in Racine, besides helping lots at the Nacala Kids Club. We sure miss them coming this year.

FUTURE VISION: Right now, we are looking to a year full of unknown. But, we are not afraid, as we know our God, the One that orchestrates our lives, we know that He didn't said yet the last word, and He has been preparing us for the times that are coming.

We know that a window will open, a special opportunity to preach the Gospel, to plant churches and to train leaders. We were able to see in the last 4 months our failings in ministering to children and youth; and we know that God worked with miracles in the past, in spite of our weaknesses;

We are praying and ready to invest more in discipleship, especially in establishing youth and children leaders that will be able to create, and work in the midst of the hardest circumstances through visits and small seminars.

We do not know how is going to be until the end of 2020, so we are preparing for different alternatives: In case that churches and schools open or in case they do not.

In case the schools will open, we are strategizing and planning for the new protocols.

As we do not know when the government will release the happening of big events, we are planning for small and different groups of youth that will come for meetings during few weekends in the places where otherwise we would held a Youth Conference.

We are also preparing evangelistic material (brochures or small cards) that the youth could use when they want to evangelize. Also some material for children ministry that will help the ones that are working in local churches.

In the love of Christ

MISSIONS

~ DR. ELLIE HEIN

Radical Islamic terrorism in the North has added an urgency and intensity to our work. Everything we do is because of our mission to win souls, disciple and equip and establish them to do the same. The opportunity to help people in distress through these events has added growth and purpose to every move we make. Regular missions has become emergency missions. We respond to the refugee crisis with tears while rejoicing in baptising many new converts. Crisis brings out the best in us as a Team, but sadly brought out the worst in some of our field pastors and church members who could not stand against the temptation of abuse of funds that suddenly appeared in response to the need. This saddened us but we look to the many who have risen to the occasion to help with a pure heart. We are proud to be part of a ministry that has courage to discipline when needed and courage to rejoice and help even more when the opportunity arises.

Personally, it was war, famine and crisis situations that first called us to Mozambique to win souls, help those in need and establish the church of Jesus Christ.

Each Team member, Pastor, Leader, and most church members play a role in this missions report. Each of our four Bible Schools and five Kid's Club (pre schools)

Mudança de uma família pastoral do norte para um local mais seguro.

carry great testimonies of God's miracle working power in action as students and teachers have gone on specific mission outreaches. Each ministry department has its own missions success that can be read in their submitted reports. While we continue to establish and secure our churches, we continued till the end of November with crusades throughout the nation. A great harvest has come in through these gatherings.

NB. With the rise of Islamic terrorism we recognise the need to replace the word 'crusade'. Something like 'Healing and Salvation Celebration' would be more appropriate as the memory of crusades is alive in the minds of the people as a time of bloodshed and violence and forced conversions.

CONFERENCES: This ministry has a powerful back up of men and women who work tirelessly in giving themselves totally to the planning, organising and carrying of the heavy work, both physical as well as spiritual.

We are proud of our Apostolic Women who are a vital part of evangelism and have been diligent in conferences and crusades and a very active role in the churches. We thank our key women who are courageous in standing out as notable in Apostolic calling.

Youth and children's conferences have been very successful and great preparation for the future of the church.

Pastors and leaders have been strengthened through conferences and seminars as well. All these are listed in the reports of individual Department Leaders.

These events continued into the middle of March, 2020.

Campanhas de Evangelismo e Cura nas províncias centrais

SECOND PART OF MISSIONS REPORT, MID MARCH TILL JULY 2020.

THE EFFECTS OF COVID-19: All over the world the church has been challenged through the difficulties of closed church doors, social distancing and people closed up in their homes. Here in Mozambique we have not been badly affected through the contracting of the virus, how blessed we are.

As a Team we have broken through spiritual barriers and seen the result of physical barriers being broken down as we have pushed through to continue carrying the message of the Cross. Yes, our ministry has been affected, we have not been able to continue the same as before, but missions has developed in other areas, particularly through the internet. With the help and enthusiasm of the younger generation, primarily through the anointing and determination of Pastor Armando Jo and Pastora Deborah Maas, we are reaching Team and pastors through zoom and other internet meetings. A fervent and effectual door has been opened, the energy of the Team is being transmitted in different ways. At the same time we continue to 'get up and go', visiting many of our churches.

The terrorist situation in the North has caused our ministry to be stretched through providing places of spiritual refuge and also a great harvest of souls.

People are receiving Jesus and groups are being baptized every week. It is a missions opportunity that cannot be missed. We are grateful for the men and women of courage who continue to visit the North with truck loads of provision, for the hard work and determination to not only continue missions through the Covid-19 period, but in many ways to accelerate missions.

It is my pleasure and honour to record just a fraction of what hat missions 2020 has accomplished in Afrika Wa Yesu.

Ellie Johana Hein

CHURCH PLANTING

~ PR. ARMANDO JÓ

Founders, please receive our greetings from the National Church Planting Board! I consider it such an honor and satisfaction, to present to the Ministry Board Members and our extended team, which identifies itself and follows the same vision that The Holy Spirit, entrusted to us, HEALTH!

The national state of the Afrika Wa Yesu Church is not a mystery to those who, over the course of the twelve months, were part of the work that The Spirit of God did during the year. The work of the church, is inserted and clearly visible, in each Department, within Afrika Wa Yesu, and, therefore, I will try to make an effort so as not to duplicate the reports, but rather, highlight the progress in each Province, thus improving that which is already known.

We look ahead, very seriously, as never before. Before the recent events in our nation and across the world, does not allow an form passivism of our corporate call. We are facing the ancient enemy, cunning and with the understanding that he has a very little time left.

THE CHURCH NATIONAL BOARD MEMBERS:

It's essential to mention that the report below has been carried out by the cooperate efforts of the church leadership, who have taken and shared the burden of this noble work. Together we developed a strong relationship, a beautiful story, a serious mission and a life, lived with purpose and vision. We have been together, for more than 15 years of close walk, closer to each other!

1. Pr. Armando Nicolão Jó
2. Pr. Lino António Gravata
3. Pr. Mariano João Lino Nota
4. Prof. Agostinho Lisboa Gamboa
5. Pr. António João Gimo

STATISTICS: ÉStatistical data is of paramount importance, as they help us understand where we left, where we are and where we are going, as the church! We are represented in all Provinces from Cabo-Delgado to Inhambane, in cities, Districts and in various communities, at the national level, reflecting about 23 years of The Church Planting, since 2007, when Inhaminga Wa Yesu, was conceived, within the revival vision until the year 2020. Although, there has already been some embryonic church work in some

points, which goes back to the date in reference. The Box below serves as a SAMPLE that reflects general data from the church.

Total Number of Churches	221
Total Number of Pastors	18
Total Number of Elders	221
Total Number of Members	17,315

ACHIEVEMENTS: We celebrate the progress made in various areas, at the base of Nampula, and below I highlight some areas:

1. Crusades: After presenting the challenge, by the Founders, for the use of crusade equipment, the response was a phenomenon. All the bases responded with concrete action, regarding the realization of the crusades. During the crusades, we learned that there is a greater need to work with our local church leaders and both as leaders of other churches, for greater harvesting of souls and subsequent follow-up after the crusade.

I would also like to point out that the instructions brought by Pr. Kier, served as a great base of instruction in this matter. I believe that the more we do, learn and continue doing so, we will be perfecting this ministry. The people, in the rural areas, receive these festivities - crusades, with great joy, and even drunkards, comes to the middle and begin to enjoy. When the gates are opened, we are certain that we are going to restart the work of the crusades again. The National Church Leadership believes that with this open space, in which we will not have Biblical schools in the second part of the year, it is a good time to take our equipment with us during the time we will be in the field.

2. Apostolic Visits: Despite some road safety challenges in the central and northern areas of Mozambique and due to the global crisis of the pandemic and its effects, and yet, Pastors and Leaders continue to make some visits to different churches, outside our bases. Every time we visit a place, we carry a lot of joy, hope, direction and consolidation of the work being done in the local church. This year, it was not possible to make many visits as in the previous years, due to the factors, known to all of us.

3. Pastors and Leaders Conferences: One of the tools that has been very strong is the Leaders' conference. Through conferences, Pastors and Leaders are stirred up, encouraged, a new spiritual charge and have

been a great blessing in connection. It was possible to hold just two Conferences of Pastors and Leaders, in Macomia, before the deterioration of the situation there and in Manica. We were expecting the arrival of Pr. Rick, in May, for a conference in the north zone and due to the changes, it was also postponed.

With the lifting of the restrictions of the C19, we believe that we can still accomplish MANY things in this new year that starts now, especially at the rural areas. In reality, this focus should be our greatest attention until December of this new year.

4. Three more Churches Constructed: The National Church Leadership, recognizes and welcomes with great joy, the construction of the 3 root churches, built with great dynamics, by our construction team, in the leadership of The Gravatas, our thanks to the team and to the Founders, for the investment in Department we oversee. Below I have highlighted where these constructions were made:

- Xiluvo Wa Yesu
- Ndoro Wa Yesu
- Milange Wa Yesu

We also want to acknowledge and praise the efforts of leaders in various communities who have been building, buildings with local material. The People, have made mud bricks, some they do burn them and others just like that, to make the traditional constructions. Either way, what is being done is the reality of the work and I confess that the situation is different and each zone has a different reality and everything cooperates for the good.

The next place where our heartbeat is, we would like to see a building done at in the main village of GURUE. We have a growing leadership structure, many new souls coming to Christ, a very dynamic children's ministry and on top of that, a growing economic prospect in the area and this means there is a lot of attraction and seasonal migratory movement of souls.

PANORAMIC VIEW OF THE PROVINCES:

1. Cabo-Delgado Province: Cabo-Delgado Province, we are going through a lot of cyclone, insurgency, cholera and now C-19 with a very high initial number, although there is an indication of reduction, plus the propagation situation, it is extremely high, due to the crowding of families. The attacks have caused incalculable tragedy in the innocent and defenseless lives, ending the people's disoriented migration to various places inside and outside the country. The

Province of Nampula, has more than 5,000 refugees and among them, about 20 people, are from the Afrika Wa Yesu family, residing in the city of Nampula.

Our Church is also affected, our people are also scattered and suffering all over the nation, aimlessly and without a certain destination for their lives. In terms of aid, there was a timely response, in every way possible to help our families, from the time when the Cyclone Kenneth hit the Province. In addition to the crises listed above, today we also face the crisis in the leadership sphere. The National Church Board, in agreement with the Founders, sent Ps. José Braimo, together with his family, to cover the Province for a short period of time. He's been a great blessing for the church there. Remember Cabo-Delgado in your prayers!

2. Niassa Province: It is like a "lonely star". The Church is on its feet, meeting as usual, even after closing, for lack of clear information, they continued to congregate for more than a month after the Presidential decree. In that Province, there is a tendency for the work to vibrate more in rural areas than in urban areas in Cuamba. The Leadership, has been without communication for some period, throughout the year and this has also hampered communication and the flow of information. We rest in the fact that the work of the Holy Spirit is not measured with the palm of a human hand, which is why we continue to work with energy, strength and courage and always visiting, instructing, praying in favor of the work there ... invest, invest, invest and invest. We will do our part and the rest is up to the Master. He said: "Learn from me, that I am meek and humble in heart."

3. Nampula Province: It remains the most populous Province of Mozambique, and we have two Bases, in Nacala and Nampula. We believe that the existing resources are sufficient to cover and affect the entire northern region, including the two Provinces of Cabo and Niassa. From Nampula Base, we launched an attack towards the south of Nampula, with a great evangelistic incursion, through crusades and The Jesus film, for the entire border region between Nampula and Zambeze Province through the District of Murrupula, by Ligonha river, throughout the year in reference. During this incursion, we attacked and strongly invaded the Districts of GILÉ, ALTO-MOLÓCUE, MULEVALA and ILE, making disciples who will then plant churches. Everywhere, we went, Houses of Peace were born and are growing, to the glory of God! We want to connect, Alto-molocue,

Mocuba and Milange. Our next evangelistic incursion will be different, we want to aim at the coastal region, from PEBANE, MOMA, ANGOCHÉ and others. These zones are a big target of the enemy of our faith and we are going to fight and take back, our land. We believe that from the base of Nacala, it can go up to northern districts. The HARVEST is big and there are few laborers! Lord, bring the laborers, send them to join US!

4. Tete Province: We are happy to report a new hope on the horizon in Tete. The Command of the Church, observed with great concern the stagnation of the Church in the Province for almost ten years and now the time has come to break. In 2021, we will have a new Coordinator for the Province of Tete.

5. Zambézia Province: Despite being the most extensive province in Mozambique, Zambézia, it is also more extensive in accepting the gospel of Christ. The People, for their history and the missionary influence, prepared the ground for that time. Still, we do not have a very well structured leadership, at the level of the Province, although we have Pr. Mário Novo, a strong and courageous man, he needs a team. The Church in Zambézia, is flowing well in the natural dimension and without much inconvenience.

Quelimane, we have Geraldo, in Church Leadership and he is managing to keep his place. The 3 Bases of Nampula, Gorongosa and Inhaminga, we have sent 1,500 meters each, in a total of 4,500 meters, since November last year and we will review this situation this year the next step, on Quelimane. Our heart is also looking over there.

6. Manica Province: Good leadership is a great blessing. We praise God, for the couple Pr. António and Pra. Rosa, for the consistency and firmness in the work, in Chimoio and Manica in general. The church is walking in proportion and in the grace of the Lord.

7. Sofala Province: It is the birthplace of Afrika Wa Yesu and ALL of us, we had our beginning there, and we recognize and value this stone. Sofala, we have two very strong bases too, Inhaminga and Gorongosa, and these bays essentially cover the 5 Provinces, in a combined effort. Sofala and Manica, has been the scene of many attacks, putting at risk the work of the Bases, more particularly, Gorongosa and Xiluvo Wa Yesu. We have been following the D.D.R. (Demobilization, Disarmament and Reintegration of Renamo's residual men) in the defense and security forces, police and

other areas. This can alleviate military tension, however, it must align ideas with General Mariano Nhongo, in order to stop everything. da Renamo) na forças de defesa e segurança, policia e outras áreas. Isso, pode aliviar a tensão militar, devendo contudo, alinhar os idéias com o General Mariano Nhongo, de maneira a estancar tudo.

8. Inhambane Province: There is no distance in the spirit. We have followed the work developed by Pr. Anisio and Nilsa, his wife. A long time has passed, when no one went to Inhambane, however, we have updated information on the good progress of the church. He is building a building, being helped with South African partners, who annually visit Pomene. The Lord Jesus, builds his Church in a different way, as he pleases, and our role is to be instruments of His will. We released strength, courage, perseverance to Pr. Anisio and the church in general.

FUTURE VISION: Our board has as its focus and vision, in three fundamental lines:

First: Develop and deepen Afrika Wa Yesu 4 visionary pillars.

1. Win Souls
2. Make Disciples
3. Train Leaders
4. Plant Churches

Second: Strengthening the Church, specifically:

1. Registering the churches,
2. Registering the Pastors and Leaders
3. Registering the Believers

Third: Board meeting sometime in December this year:

1. Assess the state of the Church
2. Define new evangelistic strategies, Discipleship and Pastoral Leadership.

Thank you all so much for the attention and support that each team member has contributed to the progress of the Lord's Church! We also thank the punctual cooperation of the noble Pastors, Leaders and each son and daughter, under the coverage of AWYesu and in particular, to Prof. Augustine, Prs. Lino, Mariano and António, for the symbiotist in this great work.

Pr. Armando Jó
National Coordinator
of the Afrika Wa Yesu Churches

Ministry Statistics July 2019 to July 2020

Number of people with whom the Gospel was shared: <i>Crusades, Evangelism, House to House, personal conversations, etc.</i>	10,081
Number of people who made decisions for Christ: <i>Not including through the local church - these are ministry stats only.</i>	1,802
Number of Pastors / Leaders trained for the Ministry: <i>Graduations from the Bible or Vocational School, seminars with local leaders, conferences, etc.</i>	531
Number of people fed: <i>Children's clubs, emergency aid</i> Number of people who received humanitarian aid: <i>Emergency aid through the assistance of the ministry.</i>	7,584
Water Baptisms	343
Holy Spirit Baptisms	628
Confirmed Healings and Miracles	35
New Houses of Peace	11
New Church Plants	3
Bibles Distributed	400

Values of the House

The vision is founded and sustained by Kingdom values. Otherwise, it would no longer be the pattern of God. The values that sustain our house are:

1. **Deus.** We believe that He is triune: God the Father, God the Son, and God the Holy Spirit, and the three are One. We love Him with all our soul, spirit, mind, and strength. He is the priority of our love, obedience, and worship, above all else. Luke 10:27
2. **The Family.** We believe in the family as an important pillar in the Kingdom of God, and only in the marriage union between one man and one woman (Genesis 1:27).
3. **The Value of God's Word.** We believe that Scripture is the absolute and total truth, inspired by God, and the foundation of our lives (2 Timothy 3:16). We commit to putting it into action (James 1:22).
4. **The Kingdom of God.** We believe this is the invisible, absolute, and true government of God. Therefore, we practice its values, principles, mentality, and laws-carrying out His will is our passion and desire (Hebrews 12:28).
5. **Passion for Progreess.** God's desire is for us to prosper in all things. Because of that, we value constant growth and seek to mature, push forward, and enter other levels and dimensions of vision, faith, anointing, glory, and blessings (3 John 1:2).
6. **The Value of Generational Transference.** We believe that our God is a tri-generational God: the God of Abraham, Isaac, and Jacob. We also believe that fathers have the ability and grace to impart upon their spiritual and natural children all they have accomplished - a material, emotional, and spiritual inheritance (Exodus 3:15; Deuteronomy 30:19; Luke 1:50).
7. **Purpose.** We are fully persuaded that all human beings were born and created by God with a purpose; and if they discover and develop it, they will leave behind a legacy here on earth. Only then can it be said that a person has, or had, success in life (Ecclesiastes 3:11).
8. **The Character of Christ.** We believe the goal of every man and woman should be to strive-every day-to form and develop the character of Christ in their lives; to be kind and to live in integrity, humility, fear of God, holiness, and maturity just as Jesus did. Jesus is our role model, and we must imitate, honour, and follow Him (Romans 8:29).

Declaration of Faith

- **The Bible.** We believe the Bible to be the inspired living Word of God; infallible and unchanging from Genesis to Revelation (2 Timothy 3:16).
- **The Trinity.** We believe in God the Father, God the Son, and God the Holy Spirit; these three are One (1 John 5:7).
- **The Deity of Jesus Christ.** We believe that Jesus is the only begotten Son of God, born of a virgin; that He was crucified, died, and on the third day rose from the dead; that He ascended to Heaven where He now seats at the right hand of the Father (Isaiah 7:14; Luke 1:30-35; Acts 2:32-36).
- **Salvation.** We believe that salvation can only be obtained through repentance and the confession of our sins; that it is a gift given by divine grace and not by works, and it can only be received by faith in Jesus Christ-the only mediator between God and men (Acts 4:11-12; Ephesians 2:8; 1 Timothy 2:5).
- **The resurrection of the dead and eternal life.** We believe in the second coming of Christ for His people; that the dead will rise first-saved and unsaved; that Christians who are alive will be caught up by Jesus; that everyone will experience the Judgment; that believers will resurrect to eternal life with Jesus and will stand before the judgment seat of Christ while unbelievers will resurrect to suffer eternal damnation and will be judged at the Great White Throne of God (Daniel 12:1-2; Romans 14:10; 1 Thessalonians 4:13- 17; Revelation 20:11-15).
- **Sanctification.** We believe that sanctification happens instantly in the spirit but that it must be progressively developed in the body and soul of every child of God (Hebrews 12:14; Romans 6:19-22).
- We believe in the **baptism in the body of Christ** by which the individual accepts Jesus, experiences the new birth, and becomes a new member in the body of Christ and heir to eternal life (1 Corinthians 12:27).
- We believe in the **baptism in water** as a symbol of identification with death to sin and with the resurrection of Jesus for eternal life (Romans 6:4).
- We believe in the **baptism of the Holy Spirit** with the evidence of speaking in other tongues, through which we are empowered to become witnesses of Jesus to the world (Acts 1:8; 2:4).
- **Laying on of hands.** We believe that one way to transmit blessings, healing, and the power of God to others is through the laying on of hands (Acts 8:15-17; 1 Timothy 4:14; 2 Timothy 1:6).
- **The five-fold ministry.** We believe the five-fold ministry is a gift given by God to the body of Christ (Ephesians 4:11-12).
- **The governing ministries.** We believe the apostle and prophet are governmental ministries that establish the foundation and biblical doctrine in the church (Ephesians 2:20; 3:5).
- **The apostolic government.** We believe in establishing the apostolic government within the local church, with the apostle as the head, the prophet as part of the government, followed by the ministers and elders (Ephesians 4:11; Acts 14:23).
- **The Kingdom of God.** We believe in the Kingdom of God as a government where Jesus is King, and both are absolute and supreme truths (John 3:3; Acts 8:12; Romans 5:17; Hebrews 12:28).
- **The healing and delivering power of the Kingdom.** We believe in the power of the Kingdom to heal the sick, cast out demons, and perform miracles, signs, and wonders (Mark 1:32-34; John 14:12; Matthew 12:28).
- **Faith.** We believe that without faith it is impossible to live a life that is pleasing to God and that we inherit the blessings by faith (Hebrews 6:12; 11:6).
- **Preach the gospel.** We believe in expanding the gospel of the Kingdom at the local, national, and global level by any means possible (Matthew 24:14).
