APOSTOLIC OVERSIGHT: VISION AND PRACTICAL DEVELOPMENT

~ DRS. RODNEY & ELLIE HEIN

PRESIDENT & FOUNDERS

Grace and Peace to you holy brethren, partakers with us in the heavenly calling in which according to Hebrews 3:1, we consider the Apostle and High Priest of our profession, Christ Jesus, our Lord and Saviour.

It is by His mercies and undeserved grace that we have the great privilege of establishing you through many years of serving Jesus together. This we do to the best of our ability under the apostolic mantle entrusted to us. We gratefully submit this Apostolic Oversight report.

GENERAL OVERVIEW: As we look around the nation and global events, we consider ourselves blessed and but lightly touched by the adversities and trials in comparison to many others.

We have undeniably experienced some major difficulties and disappointments during the past year. Yet it is written,

“There is no trial taken us but that is common to man, but God is faithful to also make a way of escape, so we are able to bear it.” ~ 1 Corinthians 10:13.

Each department leader has submitted a report within their area of jurisdiction which enables us as your leaders to report more accurately what is happening on the ground. Your ready ability proves that Afrika Wa Yesu functions in an apostolic anointing; each leader also leading others within their place of appointment.

It remains for us to acknowledge what is being accomplished, to bring suggestions and direction, and to open the way for development and change where needed.

BASE LEADERS: Courageous and persistent leadership from our four main base leaders has maintained a good pace throughout the ministry. Inhaminga, Nampula, Nacala and Gorongosa bases have given their best and produced good results. In spite of covid restrictions, persistent knocking on government administration doors opened the way for us to visit outlying churches and to continue in small groups. Our Bible Schools were open before regular schools as well as three of our Kids Clubs. It was

amazing to see Afrika Wa Yesu spearhead the opening of these doors that were long closed.

TEAM PROGRESS: As a Team we have faced the loss of several key members. This is always painful. It is hard to say goodbye to people who have been with us a long time. We have released them with our love and blessing through the laying on of hands and prayer for the success of their future elsewhere.

Just as the pruning of a tree causes new shoots to grow and branches to bear fruit, we are seeing others rise up to fill places of responsibility. This is always exciting and already it has proven to be good for us. We look forward to seeing an even greater result from this pruning.

BIBLE SCHOOLS: Undoubtedly there is a great desire to learn and to be equipped in the Word of God, than ever before. Prayer, praise and worship and a passion for souls is very evident both Inhaminga and Nacala Bible Schools. We are inspired through time spent in both places and full of admiration for the way the schools are being run.

Our Bible Schools remain the greatest focus of this ministry, for here is where our vision is both fulfilled and maintained. “Afrika Wa Yesu exists to win souls, make disciples, train leaders, plant churches that will win souls, make disciples, train leaders....”

Inhaminga Bible School

CHURCH GROWTH: On the whole our churches have done well during the COVID crisis. Nampula, Inhaminga and Gorongosa report church growth, numerically as well as spiritually. Some rural churches have decreased, being isolated and not receiving the same impartation. The internet has proved invaluable in transmitting messages and teaching to those who

have access to internet. Well done to those who faithfully send out the Word.

HOME GROUPS (CASA DE PAZ): Home groups have been strengthened for the most part, especially as large church gatherings have not been permitted. We introduced excellent teaching on home churches many years ago, praise God we were ready for this with material on hand.

EVANGELISM: Large gatherings and crusades have not been possible. However, small group evangelism has brought a great result. Everywhere people have received visits of encouragement with great joy. Student evangelism brought in testimonies of hundreds of people receiving Jesus, healing, deliverance from demons. We give thanks to God!

Baptisms on evangelism - growing the Kingdom of God

YOUTH MINISTRY: It appears that youth ministry has suffered decline. Youth depend a lot on the fire and impartation of youth conferences. We will have to accelerate in this greatly as soon as we are permitted.

CHILDREN'S MINISTRY: Children are always open to the gospel. Their faith is amazing and they are ever the future of the harvest field.

Children and teachers happy to have Kids Clubs open.

WOMEN'S MINISTRY: We believe Afrika Wa Yesu has the strongest women in the nation. Several of our women leaders are fully ordained and trained as pastors. This gives a lot of credence, especially when

they are able to teach and minister very well. A great job done by our apostolic women!

TEACHER TRAINING: It is imperative that we continue to train teachers. This can be done through Leadership Training as we have previously done in Inhaminga when a group of selected graduate students has come for six months of intense discipleship. Even if they never become full time teachers, they are a great help throughout our churches and able to teach in night Bible Schools.

FINANCIAL MANAGEMENT: Since the Budget Course in 2018, we have come a long way. Well done! The next wave of blessing depends much on our ability to grow even more in this area. Working with finances, spending wisely, accounting and reporting is not easy. Some people have the gift for finances, others have to learn to do it well.

This year we launched a new HELPS program, in sending money to each base. This entails sitting together as leaders and determining how best to use the money. Mostly it has been used for those who have specific needs in medical emergencies and shortage of food. It can also be used for practical purposes such as helping with a church roof or putting in a floor. We welcome any suggestions on improving this project.

It is our desire to grow and improve our own skills and gifting in leadership. In order to help you understand what we are here for, please read the following. Again, any suggestions that will bring improvement to individuals or the ministry as a whole, are welcome.

DEFINING THE PURPOSE OF APOSTOLIC OVERSIGHT WITHIN AFRIKA WA YESU

- **Counsel:** In vision, helping to define, refine and articulate it. In doctrine, to help deal with doctrinal issues confronting a church or causing division in the church. In church discipline, this is especially in difficult cases to avoid personal attacks against leadership when a member needs discipline.
- **Protection:** This is to provide an atmosphere of safety and security for both the pastor and the people. To protect the people- if a leader falls into error or sin or becomes dictatorial, the congregation knows they have someone to appeal to, helping to avoid a church split.
- **To protect the pastor:** At times the Pastor needs someone to speak on his behalf. He needs protection against false accusations.

- **Accountability:** Having apostolic covering gives the pastor someone to be accountable to, someone to talk to, relate to and open his heart to.
- **Encouragement:** Visits by apostolic covering can bring encouragement and blessing to a local church.
- **Commitment:**
 - **Within the church:** Apostolic oversight doesn't work unless there is a level of commitment by a pastor and congregation. Every pastor knows the value and importance of commitment in the local church. A level of commitment is needed if you're going to entrust someone with ministry responsibility in the local church. There are some basic commitments a pastor and local church need to make to fully benefit from apostolic oversight:
 - The same commitment applies to Afrika Wa Yesu Board of Directors, (Apostolic Oversight) while recognizing the reach of the board is broader and carries more responsibility. Decisions made affect each church, ministry area, pastor or leader, and therefore the entire Afrika Wa Yesu body throughout the provinces. We take this responsibility seriously. Decisions determine the extent of growth and development of the ministry growth and development. All decisions are made with careful deliberation. We cannot extend beyond the boundaries of our ability in finances, management skills and faith, as this can bring destruction instead of growth. Nor can we hold back on the great commission and opportunities we have, through lack of courage to extend our faith and vision.

As wisdom is found in the multitude of counsellors, it is good for us to make a commitment to each other, before God, to ensure that as a board we remain strong in unity, love and honour, and able to keep that which He has committed to us until that great day. He has placed in our hands as apostolic leaders, this ministry, these people whom He loves.

APOSTOLIC COVENANT

As founders of Afrika Wa Yesu, we invite you to join with us in covenant commitment to love and protect this ministry God has entrusted to us, to the best of our ability. This is binding only in integrity, love and honour and does not require a signature. It is

not binding in membership to this ministry, as we recognize that the time may come that a member believes he is called elsewhere. It is binding only in that we will love and serve one another, be faithful, honest and true to one another, protect and help one another to the best of our ability.

“The captains trusted one another, therefore the men followed them.” Lewis and Clark, courageous explorers opening the way through dangerous and difficult territory to the West of the USA.

We have quoted this many times through the years. When our Team can see we trust each other, they will trust us.

We encourage you in three main areas of challenge that leaders in particular, must have the victory. These are not new to you, but we need to constantly check where we stand.

Pride: Being proud of people we love and our ministry is not wrong. Thinking of ourselves as more than we ought, esteeming ourselves better than others, that is dangerous pride. Let us always guard our heart.

Finances: God has promised to provide all our needs. If we continually struggle in this area, we need to check where we are missing the mark. Debt is the continuous robber. If we cannot overcome, how can we expect those we lead to overcome?

Faithfulness: If we are unfaithful in marriage and family and team, we have no authority in any area of our life. Marriage problems, disagreement, deception of any kind weakens every part of our life. Not to ask for help shows pride.

We are asking for a promise from you that you are ready to put in order anything that is lacking. This promise you can make before your spouse and before God. If for any reason you are unable to do this, please let us know.

To God be the glory!

Rodney & Ellie Hein

President and Founders of Afrika Wa Yesu Ministries

ANNUAL DEVELOPMENT AND EXPANSION

~ DR. RODNEY HEIN
PRESIDENT & FOUNDER

It is so good to give God the glory for what he has done for us all over the year. The most incredible increase in the ministry has been to see how our different teams and team members, through most difficult of times, have become so much more passionate to share their lives and the Good News of Christ.

These last 12 months have been difficult due to the Covid-12 pandemic over the whole world. Our churches have been closed, pre-schools, Votec and much of our building expansion. But we thank God that 2021 both Inhaminga and Nacala Bible Schools as well as Nacala Vocational Training schools opened for students. All these have completed their term and students have graduated. God has granted great favour to this ministry

To see how all team members have made plans on how to work around the restrictions imposed on us, as the devil has tried to close the mouth of Christ's believers, is wonderful. I have been very happy to see we are raising a new generation of believers who will go out and fulfil the great commission of Christ. To see each one encouraging one another to a greater work is the foundation of Afrika Wa Yesu.

The beginning of this year we turned our attention on maintenance. Both Nacala and Inhaminga Schools have done very well and are looking good. We still have to push for each team member to have an eye for maintenance, though most are doing well in this regard. Maintenance helps us to avoid major repairs

Inhaminga has made cement seating and tables. It's become a good social point and a place to play games in off time. Around the hall there is now seating on the outside, so those who need to be outside can still be part of the service.

Student outdoor areas

We have completed a duplex guest house, consisting of bedroom, bathroom and veranda for guests. A very nice building. Thanks to Alberto Gravata who has done such a good job in overseeing the project together with our team and his temporary builders. The clinic has been disassembled and everything is in storage. This is now accommodation also for visitors. So that's 3 apartments of visitors. Each has a double bed and a bunk bed.

Guest house in Inhaminga - come visit!

Nacala has done some major maintenance on the dorms, bathrooms and the water system. We are still waiting to be connected to FIPAG. Next year in Nacala, All the dorms will have their roofs replaced. We have to relay the whole water pipe system as the pipes have become old and a lot of repairs have to be made. We will put up a maintenance workshop near Votec.

Gorongosa Base had to build a retaining wall near the Kids Club to stop severe soil erosion. FIPAG placed a water line to the Church house. Ps Lino then built a cistern and a water tank tower to store water. Thanks to Aaron who set up the tank, plumbing, pump and connection to the house,

We helped Nampula Church with the upgrade of their toilet system. Due to previous workings in the area, it

External seating at Inhaminga Conference Centre

turned into a bigger operation than we thought. We are very pleased with the new toilets and they look so smart. Nampula Church, you have done an amazing work upgrading your property.

New bathrooms at Nampula wa Yesu

At Chiuri we had to make plans to receive and help displaced people from the conflict in the north of Cabo Delgado. The mayor of the town gave Afrika Wa Yesu title to 4 plots in a new area set aside for displaced people. The Nacala team went to Chiuri and over a week built a large shelter where our church members can meet and we can use the shelter for distribution. Depending on the developing situation we could turn the shelter into a permanent Church.

Chiure Wa Yesu

In the Milange area, two AWY churches that were very close together, came together as one. Because the members did not fit in either small church, we were asked to build a shelter at Milange about 14km from Milange town. Again, the Nacala team went to Milange and built a shelter.

Mauza Wa Yesu (Milange)

At Chiluvu Church, due to another cyclone, the roof was blown off. Pastor Lino replaced the same metal sheets and strengthened the truss structure.

The roof at Chiluvo wa Yesu blew off in a storm, it has since been repaired.

Pomene Church was built last year but still has no roof. We will try and get there as soon as possible to put on a roof.

Kids Clubs now come under the local churches. The transitions have been good.

Future Construction: Our next Church building will be at Gurue. They need a larger building not only for church but also for running night Bible school. We will continue building as the needs arise.

Blessings to you, our team, on a great year for the ministry and for our Lord.

President and Founder of Afrika Wa Yesu Ministries

Rodney Dustin Michael Hein

GORONGOSA BASE

~ PRS. LINO & TELVINA GRAVATA

Dear Leaders,

Through this I have the time to write the annual report made from July 2020 to July 2021.

Main activities carried out during this time:

- Bible School
- Kid's Club
- Local Church
- Apostolic visits

BIBLE SCHOOL: Last year we started classes at the school with a number of 28 students, but due to the pandemic we were unable to finish the classes, we had to stop for a while but thank God for His goodness, this year we were able to continue with the same students. Some of them gave up and are making other plans but of the 28 students we had, 8 were able to continue. This year we started with classes at the end of February having started with a total number of 23 students of which 20 students are present, 3 of which we count as dropouts. In October this year we will graduate a total number of 20 students. This is a great victory for us.

At the school, we have 5 teachers teaching the word to students, 2 of whom are women and 3 men. Lino, Elias Santos, Elias Pedro, Vina, and Eguinecia. Lino, Elias, Elias and Vina are teachers who are paid a salary within the ministry, and Eguinecia is a volunteer teacher. She is a daughter of the Afrika Wa Yesu church in Gorongosa and was also a student in 2019.

We want to inform the ministry that within the Gorongosa base we lost two teachers, Constantius and Faustino. They decided to leave the ministry to continue their calling outside Afrika Wa Yesu, so we inform all members that these two men are no longer in Africa Wa Yesu since the beginning of 2021.

KIDS CLUB: In 2020, the children's club had a number of 98 children, so we had 4 classes, being represented with 7 teachers, 3 men and 4 women, all of whom were part of Gorongosa Wa Yesu. Because of the prolonged stoppage of classes, some teachers were forced to look for other ways to survive and feed their families.

This year we started classes in the second week of March with 34 children which were permanent until the time of cancellation of classes, we now have a total number of 5 teachers and because of the interruption of classes we had the idea of divide each teacher with a group of believers. They teach in the children's homes, although some caregivers will not allow teachers to teach in their homes. But for some parents, it is a great joy to receive teachers to teach their children.

LOCAL CHURCH: The local church has learned a lot about working in unity as a body. After the reopening of the churches we have been working on the ministry of the Word, on strengthening through individual visits and encouragement, we have held open air services in some areas closer to the village, the young people have been meeting during the week, the mothers also have they have had their meetings during the week and the pre-teens have had their services as well, so the leadership has been very close to being able to help and support each divided department within the church. The church also decided to raise up a group of evangelists to move themselves and help other churches.

The local church has already promoted many outdoor services as a way to evangelize the lost. Being in Nhataca 2, Staca, Zoramambo, Mucombezi, Hamapaza, Casa Banana, centring in all these places the local church has been involved to help the lost. We had a total number of approximately 80 people who received the words through evangelism during the year 2020 to 2021

APOSTOLIC JOURNEYS & CONSTRUCTION:

From 2020 to 2021 we had some apostolic trips to different places in the central zones. We had the opportunity to travel to Chiluvo with the purpose of helping the church and strengthening the brothers who are there, we had a blessed time, we preached, evangelized and encouraged the church.

We traveled to Inhambane Province to be able to encourage the brothers in Pomene, where my wife loves so much because there she is in her land and practices her language very well. We also showed the Jesus Film and Pr Anisio is really a great blessing, he

and his family are incredible.

Later this year I had to travel to Tete to be able to visit encourage the church and buy the land to build the church, and thank God we were able to buy the space successfully.

ACHEIVEMENTS & CONSTRUCTIONS: We were able to fulfil some of our dreams and plans made last year and this year, with this I have to describe what we were able to build on:

1. **Pomene Wa Yesu church building** is already in the final phase, the roof part is missing and we will finish in a few days ahead.
2. **Refurbishing the church in Chiluvo**, as you know

that the roof came off again with the cyclone last year.

3. We managed to make a small wall around the kids club area.

4. We were able to build the kids's club toilets and the kid's club **kitchen** which will also be useful for the local church.

HELP: We received an amount of 60,000 being 30,000 in February and 30,000 in May. With this amount we were able to help so many people who go through different needs, some of them will receive help buying crates, some buying food, some helping to school, some transport help to transport their food, some will receive valuable help to take care of their health so far we have a total of 23 people who have received help for monetary values.

GORONGOSA STATISTICS

Number of people with whom the Gospel was shared: <i>Crusades, Evangelism, House to House, personal conversations, etc</i>	2000
Number of people who made decisions for Christ:	300
Number of Pastors / Leaders trained for Ministry: <i>Bible School graduations, seminars with local leaders, conferences, etc.</i>	122
Number of people fed: <i>Kids clubs, emergency help</i>	132
Number of people who have received humanitarian aid: <i>Emergency help through Project Alegria or other assistance of the ministry.</i>	23
Water Baptisms:	16
Spirit Baptisms:	32
Verified healings and miracles:	31
New Houses of Peace	0
New Church Plants	0

Without anything else, we want to thank you for everything any questions let us know.

Prs Lino & Telvina

Gorongosa wa Yesu

NAMPULA BASE

~ PRS. ARMANDO & LURDES JÓ

INTRODUCTION: This report aims to present the activities carried out in the period between July 2020 - July 2021. The work included here is the result of a combined effort of various departments operating within the local church and above all, the grace of God over, in, and through each of us.

This report includes: The spiritual and physical movement, various practical actions of the church in the community where we are inserted, challenges and projections of the church for the next year and beyond. As a way to improve your knowledge, we believe that it is something of greater relevance, including the geophysical aspects of Nampula, our city.

The Province of Nampula has about 6,102,867 inhabitants, has 23 Districts, including the city of Nampula and of this, 743,125 inhabitants are from the city of Nampula, according to the census (2017). Nampula is our area of spiritual jurisdiction, which the Lord Jesus has entrusted to us to evangelize and disciple.

LOCAL CHURCH - NAMPULA WA YESU: We report with immense satisfaction the significant advance of Nampula Wa Yesu, in the period in question, in several aspects. There would be no way to talk about this advance, if the collective work of the body did not exist and we continue to grow objectively and forward, we want to acknowledge and thank the Apostolic Council, the main body, composed of four (4) couples, namely: Casal Armando & Lurdes, Dafine and Daimira, Elias and Elsa, and the couple Reginaldo and Domingas. The Apostolic Council offers a spiritual and general coverage of the church, especially in the ministry of the Word, prayer, direction, doctrine, protection, discipline and vision. This leadership is permanent from the local church, serving as a base of support for the church at all times.

Then, we also have in the local church, a PRESBITARY composed of twenty-six (26) members, representing each department that operates in the Local Church and below we highlight these departments for your knowledge and prayer coverage:

- Evangelism and Missions Department (2 Leaders)
- Financial Administration Department (2 Leaders)
- Dep. Houses of Peace (2 Leaders)
- Department of Children and Adolescents (3 Leaders)

- Youth Department (2 Leaders)
- Women's Department (2 Leaders)
- Parent's Department (2 Leaders)
- Bible School Department (2 Leaders + 3 Teachers)
- Dep. Technical Health Commission - Covid19 (2 Couples)
- Hospitality Department (2 Leaders)
- Dep. Prayer and Intercession (1 Leader)
- Asset Maintenance and Construction Department (1 Leader and 2 Assistants)
- Dept. Workers (2 Leaders)

We went through a time of many struggles, trials and some even abandoned us. We praise God for those who have remained faithful to the present time. We have received the revelation of what the word REMNANT REALLY means and we have these remnants and with them, God is doing things beyond explanation, all the glory to Jesus Christ!

BIBLE SCHOOL: People live on the level of their knowledge and this is equally true on the spiritual side (Hosea 4:6). On the other hand, the strength of the Local Church depends on the quality of trained leaders. Following the vision of Afrika Wa Yesu, we started with our first class of students in 2019 and we made it to the end and it was really a source of great joy.

Our second class was affected by the global pandemic, forcing the class to crash at the start. However, we kept our hope fresh and our vision alive. The following year, in 2021, we had a window of opportunity and started our classes with a previous group of students and also received new tickets, thus totalling 50 students and mostly members of Afrika Wa Yesu. We plan to graduate our class in October this year, with more than 30 students.

KIDS CLUBS: Our little school is a vital part of our congregation and has brought a very strong witness and

impact in the community and in the city of Nampula. The good testimony and quality of our little school is spreading more and more within the city. We believe that a good witness is one of the most effective ways to evangelize our community. It seems to be repeating our testimony, but we are receiving several relatives, being brought by their children and for us this is a reason to praise God. The vision of the school carries investment and the future for Afrika Wa Yesu and Mozambique.

Our little school provided employment for 6 people as children's educators and who depend on this work to support their families. We currently have 3 rooms with a capacity of 25 children and due to the high number of children, we decided to use the church for one class, currently having 4 rooms. One of the challenges solved was the need for extra tables, due to the increase in the number of children. We invested twenty thousand meticaís (20,000mts) to build ten (10) new tables at the beginning of the school in March 2021.

Débora is an excellent Director and with a lot of passion for children. Also, a team of six (6) children's educators is very good and it makes a lot of difference in the work.

EVANGELISM & MISSIONS: Evangelism is the driving force for the existence and growth of the church and is the primary mission of the church in the world. In Nampula, we have a team of six (6) men committed to evangelism work. Last year, we had a team of 12 brothers, of which 6 were integrated into other responsibilities within the local church and even so, whenever possible, they join the team and go out to evangelize. Currently, our team of six (6) people is very good and easy to manage, in logistical terms.

Throughout the year 2020 - 2021, we carried out only one "Salvation Festival" campaign in the Namithathary area, Gilé District, Zambézia with an incredible result of salvation. We would like us to do much more evangelistic campaigns, it was not possible. One door closed and another one opened, we opened a personal evangelistic front in several areas, namely:

- Nakhoma (Distrito de Meconta)
- Nacavala (Distrito de Meconta)

- Napico (Mecuburi)
- Namina – 3 vezes (Distrito de Mecuburi)
- Mecuburi
- Chiure
- Alto-Molocue
- Corane
- Monapo
- Ribaue
- Angoche
- Murrupula
- Iapala (Ribaue)
- Nakhopa (Rapale)

Evangelistic effort is not only made by our team of six (6) men but also, every local church is fully involved in this mission and constantly mobilized to make evangelism according to their personal style. It is our mission and duty to evangelize until Christ returns.

HOUSES OF PEACE: Houses of Peace, as the name says, a place where amidst so much confusion, uncertainty and increasingly restricted public worship, houses of peace have been the mechanism with which the church of Christ survived all the most difficult crises of humanity. The Time We Live In, Nampula Wa Yesu, continues to grow as a direct result of the House of Peace ministry. During the restrictions imposed because of Covid19, our church survived because we had the Casas de Paz in active mode even before the viral pandemic. We continue to place a very strong emphasis on the Houses of Peace and mobilize every member of the church to integrate and be part of a house of peace, in their area of residence.

In our next phase in our Houses of Peace, we will place special emphasis on maturity of members, multiplication of Houses of Peace and growth of new Churches that is, transforming houses of peace into new churches, particularly those located far from the mother church.

CONSTRUCTION & MAINTENANCE: The Church has several aspects of its life and one of these is the physical aspect. We have an experienced master in the construction field and we are very grateful for this team and ahead we have some achievements:

- Construction of the new duplex bathrooms, with the help of 70% from our Founders
- Paving the backyard grounds on the outside, as well as inside the church,
- Placing tiles at the entrances to the main doors of the church,
- Completion of the plastering of the church's

boundary wall,

- General painting of the church and the boundary wall inside and outside,
- Rectify the porch of the church's office, with space to place flowers and it is very beautiful.

With this physical work, done for the improvement of our church, it brought a new look and great impact, especially in the good witness, self-evangelization and allowed the periodic inspections of the government to look good. Congratulations Nampula Wa Yesu, for contributing to the improvement of our Church. Today, Nampula Wa Yesu is the center of attention, a place where many who pass by the road, admire the quality work. We have already had some families who came to Christ, simply because "the beauty and grace of the church projects".

PROJECTIONS: Where there is no vision, people perish (Proverbs 29:18). Our vision is clear and our mission right: Winning souls, making disciples, training leaders and planting churches. We also have some attachments and small spots for our base:

- **Evangelism - Nampula:** Strive to reach new expanding areas around Nampula city. Train churches near Nampula to invest in the area of evangelism to continue reaching their communities.
- **Media Department - Nampula:** Build a system for transmitting the Word. Before it was luxury but now it is a necessity. We have qualified people who are very interested to see this vision in full swing. We

know that quality material has its price, but quality production also has its price and that's where we want to go. Our vision, purpose and strategy is to spread the Word first and then produce the brochures locally for personal evangelism.

- **Assistant Pastor - Nampula:** New Local Pastor. By the end of 2022, we believe we will have someone to help us in Nampula Wa Yesu, it is a difficult but possible school. We currently have our Church General Secretary (DAFINE LEANDRO SALVADOR and his wife DAIMIRA GUSTAVO GIL) in training for this position. Dafine, graduated from the Catholic University, in the Chair of Physics. He is currently a professor of Physics at Muatala Secondary School for over six (6) years now and at the same time has been Director of a Private School (EvangÁfrica) since 2021 in Nampula. Dafine is planning to regularize their marriage later this year and is also taking a Bible Course in Nampula.
- **Consolidation:** As we go along, we try to follow up on the existing work so as not to lose the investments we have been making.

NAMPULA STATISTICS

Number of people with whom the Gospel was shared: <i>Crusades, Evangelism, House to House, personal conversations, etc</i>	1380
Number of people who made decisions for Christ:	102
Number of Pastors / Leaders trained for Ministry:	34
Number of students trained through Bible School:	42
Number of people who have received humanitarian aid: <i>Emergency help through Project Alegria or other assistance of the ministry.</i>	72
Water Baptisms:	68
Spirit Baptisms:	92
Verified healings and miracles:	13
New Houses of Peace	2
New Church Plants	1
Evangelistic Campaigns	13

CONCLUSION: We attribute it to our only God, for his grace and infinite mercy in enabling us to want and do what throughout 2020-2021 was possible to achieve. We thank the Founders, the Ministry leadership for the vision and coverage of what we are doing. We look forward to the love, dedication and renewed commitment for the next season 2021-2022.

Prs. Armando & Lurdes Jó

Along with the Nampula Leadership

INHAMINGA BASE

~ MR AARON RISSLER AND TEAM

Dear Mr Rodney & Mrs Ellie, President and Founders,

We are grateful to God for all that He has done here in 2020/2021. Even with the state of emergency/calamity restrictions across Mozambique, the work of the Kingdom continues and people continue to seek and place their faith in Jesus Christ. The world is being shaken, and people are seeking answers. What a blessing it is to be alive at such a time as this. It is the time and place God has chosen for us to testify of Him. To lift Him up, glorify His name in all circumstances, that all may be drawn unto Him. We are grateful for all the friends and ministry partners, who come alongside us to make this Kingdom work possible.

INHAMINGA BASE REPORT:

Campus Description: Situated on 79 hectares, adjoining Inhaminga Aerodrome, 3km west of Inhaminga vila.

Campus Infrastructure:

- Main Bible School building with lecture room, offices, apartment and guest bedrooms
- Secondary lecture room with library
- Auditorium
- Kitchen & dining area
- 5 Dormitory blocks
- 2 Bedroom Guest House
- Grinding mill and food storage building with workshop
- Campsite with toilets & showers
- 15 kVa Backup generator
- 4 Boreholes
- Football field
- 4.4 hectares adjoining maize fields

Campus Staff Housing:

- 5 Single family houses
- 4 Duplex houses

- 1 Detached garage with guest apartment
- 1 Detached Storage and Laundry Building

Bible School Terms: Basic Biblical Studies Course of 52 students (March - August 2021).

Conferences and Seminars:

- Central Region Leadership Conference (August 2020)

Off Campus Projects Assisted with Material, Logistical or Personnel Support:

- Afrika Wa Yesu Church Planting
- Casa Esperança Childrens Center

BIBLE SCHOOL: *Pastor Mariano Nota*

Introduction: Greetings to the whole Afrika Wa Yesu Family! First of all, I would like to start by thanking God for the life and health he has given us as a family and at the same time thanking him for the opportunity he has given us to serve him through the Bible School. We are grateful to God for the academic year of our Biblical and Vocational schools that despite so many difficulties that the world, as well as our nation has faced, God has always shown his favour and protection. Despite all the things the world is facing, we continue to witness great changes in people's lives and transformation. I also want to acknowledge our Ministry Presidents and at the same time parents of all of us, who have always been present and ready to help us move forward, may God be all the Glory.

In this academic year of 2021, we had a lot of uncertainty about what our Bible School would be like considering the current situation in our country and around the world. Despite all the uncertainties, we got in touch with our pastors who have been working with us in the process of recruiting students for the Bible school, and despite the present situation, the pastors worked hard with their churches to the point of sending their workers and leaders for training. this year. Due to many inconveniences, we had to start our school a little later, different from every year in which we should also reduce the number, taking into account the Government's guidelines for preventive measures against COVID19. After recruiting candidates for the Biblical school, we received 54 students from 4 provinces namely: Sofala, Manica, Zambezia and Inhambane, including 48 men and 6 women, totalling 54 students.

During the semester, a student who came from Beira returned home claiming that he had left his mother

homeless because of Cyclone Idai that had destroyed the entire house and left them with no place to live. While here at the school I received information that there was a project that was helping people who had lost their homes with Idai who would be giving building materials to help families rebuild their homes again. Having heard this news, this student asked to come back to his home to help his mother and then did not return. While another student came here to the school after having enrolled in the Teachers' Institute here in Inhaminga, after they started classes here at the Bible school, his name came out to train as a teacher, that's how he interrupted the Bible school. With the departure of these 2 students, 52 students remained.

We also want to thank God for the favour He has granted us here in Inhaminga through the many friendships that we have been conquering on the side of the Government, right at the beginning of our Biblical school we received permission to carry out all the activities that we had always been exercising before this pandemic from COVID 19, we were allowed to have our devotionals normally even before the time the Churches were open, praise God for that.

Regarding the course of classes, we always had some uncertainties about the situation of the pandemic if it would take us to the end of the semester, but thank God we are now approaching the end of the school.

Spiritual Formation: Spiritual Formation is one of the most powerful tools we have for a blessed semester, during spiritual formation students have always shown a great willingness and desire to start over with God, committing themselves to abandoning certain things that prevented them from moving forward in their lives in God, beginning to desire and respond to God's love as they begin to realize God's plan for their lives. . After

spiritual training it is remarkable that the journey of the students' spiritual life begins. We noticed sometimes that during this time the students have shown a lot and great desire to know God, where the classroom has not been enough for them, until they started to enter the woods for personal moments with God. During the classes we found out that many of the students in this class really had a very good level of education and spirituality that made our work so much easier.

More Students: The largest number of students for this year came from the Province of Zambezia, specifically in our Churches, this has been a good cooperation between our pastors and the school. In these last days we have seen a big change in the part of the students who come to school, we have had many students who are sent from our Churches to the National level and this brings a lot of confidence in the Church of tomorrow.

Usually the many new students who come to the school are people who were so inspired by the lives of their other friends who passed here at the school, and this has been a great testimony of our graduates and through this myths also want to come. As such, we will continue to encourage our pastors to continue to recruit and send good students to our schools.

School Kitchen: In these last days, our kitchen has been improving a lot, the food is being very good, as we know, what the students eat also influences and contributes to their pedagogical performance and their learning. We want to thank you for your efforts in these great changes.

Minor Difficulties During The Course: During the training, the information about COVID 19 always shook and somehow tried to cause a lot of concern in the students' lives, especially thinking about their

families that they left at their homes. But through prayers and encouragement everything was overcome and we managed to get where we are today.

Student Evangelism: This year we highlighted some areas around Cheringoma, in order to revitalize the work that has already been carried out for many years. During all these years we realized that there are some places that do not seem to be producing as much compared to what we could expect for the time that the work has been carried out. With this, we focused on Nhamaphaza, Nhansole, Nhamisanguzi, Tchomba, Caia, Nhambalo, Massandza, and Chikuziri. Many testimonies were brought by the students as the response of the gospel ministered everywhere they went, people healed, people freed, people saved, it was really a very powerful testimony of what God did, which I will be sharing some of these most outstanding testimonies of.

During student evangelism many manifestations and demonstrations of God's power were noticed, through salvation, healings, deliverances and restorations, I would like to mention at least some of these testimonies.

Nhambalo: During the evangelism in Caia, the group of students came across a couple who had been married for 3 years and were unable to make a child, humanly when this happens, it causes a lot of problems within the couple, which for the worldly people who have Jesus, they turn to healers for problem solving. After the couple thought about visiting the healers it had no effect because nothing changed and this led the couple to total despair, a sad thing in this story is that this couple started to attend a church but the church was so traditional that it hid the truth of God, whose they were going to church, they continued to attend the healers, after being visited by the students, the two confessed that they were going to church and explained to the brothers the situation of their lives, during the time when they heard the word of God, they decided to deliver the drugs they had and repent of everything they had practiced, and they asked God's forgiveness, after the prayer they witnessed that they felt a lot of peace in their hearts for having given up the things and being burned.

Nhamaphaza: A certain man who was crazy for a few years whose family were already desperate for his situation, in the last moments he became aggressive to the point that his family chained him to not harm anyone, having arrived at his home the group of students evangelizing, his family would have presented this situation to our students, and they shared the gospel with the family, giving them hope

in what God could do in the life of that crazy man, coming to a time when the group of students wanted to pray with that man the family forbade the group to untie the ropes because that man could do some harm or even lose control of him. The student team calmed the family down by encouraging them that everything was under control and that he couldn't have done any harm. The team prayed with this man and then they untied the ropes and he was not aggressive and after that they cut his hair after a long time when his hair was not cut, they took him to the bathroom and bathed him and after they left the bathroom This man's family could not believe what God had done in the life of their family member, and this testimony became striking in the community.

Biblical School Teachers: I am very grateful to God for the life of each teacher, we have worked together and that we have been developing teamwork and that has helped us a lot. I am very proud of each of their lives even though we are still learning many things. I am very happy to have Felix as a new teacher at the Bible School, a young man with a lot to give, a good teacher and I see a future in this young man as well as all of them.

Plans for Next Year: I would like to continue with a new group for teacher training which has always been my dream, after these years without this training I believe we should already have good candidates for this training, with that I would like a lot of cooperation from the whole team, especially from our teachers in our schools Nacala, Inhaminga, Nampula and Gorongosa. Together we can help this generation to become what God has for their lives.

To close, I would really like to thank God for all the opportunities and privileges that you have in the data, not forgetting the entire team for their support in every way. Together for the glory of God,

Mariano Joao Lino Nota

Director of the Inhaminga Bible School

CHILDREN'S AND YOUTH MINISTRY: *Abdul Emamo and Paulo Xavier.*

"Jesus Christ is the same, yesterday, today, and forever."
- Hebrews 13:8

I give thanks to God for opening the doors for his work to be done in these places. I thank our beloved wonderful Leaders for the opportunity given for us to grow, God bless you. We know the situation of the pandemic in the beginning of 2020 was very difficult, everything went down and was canceled, and in October the churches were reopened and we traveled

to Chimoio to hold two youth conferences in the Chimoio City and Chimoio Center, another church where 30 youth participated, our objective was to restore the life of the youth.

This is how we worked last year, going to Central, where one young man was saved and came to the Bible School, which made me very happy. We met with the youth leaders and gave them materials for them to continue the work, and taught the children's teachers who work with the children in the local church. At each conference we celebrated the Lord's Supper with the youth, God greatly blessed us. After Chimoio, we held conferences with the youth in Doa and Tete City.

TETE is a new place but the Lord has blessed the work because Pastor Joao is very ready for God; we held a youth conference and there was deliverance in the lives of the youth. Doa was for pre-teens and youth with 47 participating, we restored the work there that had been stopped for 6 months, there was true restoration. In Doa there was a miracle of healing of a woman who was very ill and the pastor invited us and we went and prayed and she was healed, glory to God. The pastors testified of the ministry work done, and some of the students in the Bible school are those that during the conference left their names with us and came to enroll in the course.

In November we held a youth conference in Caia, Nhambalo, with baptism in water and the Holy Spirit. Fifteen youth were baptized, the pastor, Carlos Gaspar Chuva, was always in the meetings, we saw hunger and thirst in the youth and God blessed us - 20 were baptized in the Holy Spirit, we celebrated Holy Communion with the youth which was wonderful.

In November I trained youth of Inhaminga Wa Yesu, Carlota and Eduardo, on how to work with youth, and went with them to Caia. This was in the months of October, November and December, where we strengthened the the youth because it was very sad to see the youth were far from God, some testified that they had no hope to return to the church.

In the year 2021, we have not done anything yet. The youth of Inhaminga Wa Yesu together with the leadership had made a schedule of youth meetings on Friday's with all the youth participating in the service. Since the public church services were canceled I am visiting the youth to encourage them. Church services are canceled but we haven't been canceled, we will work and not allow the youth and children to get lost.

Children's Ministry 2020 and 2021: I thank God for all he has done in our lives. During the beginning of our academic year, we had a total of 55 children enrolled, of which, 30 were in kindergarten 1 and 25 in kindergarten 2. Also, we were off to a very good start, when the pandemic hit the country, by presidential decree, the country entered a state of emergency, we had a meeting with the parents and guardians of the children to explain the decision made by the president of the country. We as a school suggested home study, and the parents agreed with the idea. So we began to continue with our classes house to house, dividing the children into groups of 8 children for each teacher. In this way, is how our classes went. During our classes house to house, we faced certain difficult moments, other parents took their children to visit their relatives and the number of children reduced by December. We had 13 children that graduated and we praise God for this great harvest.

On December 13th, we invited Pastor Mariano who blessed them after we gave them their diplomas. We give praise to God for all the sacrifice, God was with us.

Casa Esperança: I give thanks to God for all the work this year that has going well up until now. During this year we had 26 children enrolled, due to the pandemic that hit the country with social distancing requirements of only 20 children in the classroom, since our classrooms are small, we were permitted only 15 children in kindergarten 2 and 14 in kindergarten 1. We were able to enroll 14 in kindergarten 2 and until now is the number we have, and 12 in kindergarten 1. We were well in regards to the distancing of the children, on the 1st of June this year we had much cooperation of the parents.

After the classes were canceled again, we continued with home study. With some positive Covid cases here at Inhaminga, the Lord has kept us. We have not stopped and are always continuing with study with the objective of finishing well with graduation this year.

EVANGELISM, HELPS AND MISSIONS: *Sabão Taimo, with contributions from Nelson Nacule, Felix Antonio, Abdul Emamo, Paulo José Xavier and Isac Augusto Januário*

“The Spirit of the Lord is upon me, for He has anointed me to preach the gospel to the poor; He has sent me to heal the brokenhearted, to preach deliverance to the captives, and recovering of sight to the blind, to set at liberty them that are bruised, to proclaim the acceptable year of the Lord.” - Luke 4:18-19

Last year with the pandemic situation called Covid-19 the work was a little difficult but even so we had the opportunity to visit some provinces and districts.

Evangelism in Central Areas, during Church closures, October -2020. *Sabao Taimo And Nelson Nacule, Zambezia Province, District Of Morrumbala*

I will share the Church's progress in Morrumbala and little in some areas, where Afrika Wa Yesu has influence. One thing is certain: GOD IS FAITHFUL, in all his ways and acts. Personally, in these last days I have learned, and I see great harvests for the kingdom of God and the outpouring of the holy spirit, by that I want to say and encourage everyone that the way is open to heaven, let's use the gifts, for the effectiveness of the body of Christ. It was a great blessing to travel to Morrumbala, and on our trip we passed by the following churches: Sanpaio, Massenda, Cino, Ndove, Passura, Sanhiua, Guirissa, and Canheta.

The Holy Spirit worked a lot in our lives and in the lives of his people during our time the Holy Spirit spoke to us in a clear way, a very simple word, (outside the church there is no salvation) Jesus said: “I am the way, I am the truth and I am the life; no man goes to heaven without passing by me,” this tells us that the way that God gave is Christ, the truth that God gave is Christ and the life that God gave us is Christ, Christ is our way, Christ is our life Christ is our truth. It is through Christ that we go to the Father. In the heart of God, the one who is associated with him is Christ, who is also his son. What he gives us is the person of Christ, he doesn't give us much outside of Christ.

Often in the spiritual realm, we see and touch something that is merely a term or a letter, devoid of any spiritual usefulness to us. How we need to ask God to open our eyes so that we can get to know his son. The characteristic of Christianity is that its source, depth, and riches are involved with the knowledge of the child of God. It doesn't matter how much we know about method or doctrines or power. What really matters is the knowledge of the child God. Knowing that the child of God is the way, knowing that the child of God is the truth, knowing that the child of God is life. Our power comes from knowing your child, all that God gives us is your child, not a lot of things, for this reason every issue is in the knowledge of the child of God.

It is very sad to see our brothers living wandering without truth without the way without life, outside of Christ there is no way, there is no truth, there is no life at last Without Christ there is no salvation, we need to work for human beings parting to Christ, even the church must belong to Christ.

We had – 35 people who were converted to Christ in every church we passed. Ten immediate healings, 7 people freed from demons and 4 restored lives.

Chomba Zone Evangelism-2021: I started an evangelism work in the area of Chomba, the area of Chomba is an area located 70km away from the village of Inhaminga, it was a little difficult for the initial work in the place because it is an area that has many wotchdoctors and most people there are drunks,

but God helped us all of this and also with the help of the students, it was a great help, we always went there on weekends to strengthen the work, and God worked many miracles in that area. There was a man whose name is Elias he and his wife are very famous with doctors in the area and elsewhere, and we got home and preached the word of God to them and they tried to resist a lot, because he said that these spirits killed many of their relatives, they were afraid to make the decision to accept Christ and we insisted on talking about Jesus to them and they told us to go and come back tomorrow and the next day we came back again and they accepted Jesus and delivered everything we had burned in the presence of all their family and they invited their son-in-law and their daughters who was away from them to explain the decision they made to follow Jesus, they were present every day of services there. It really touched our hearts, in the Chomba area there are a total of 87 active believers.

Evangelism Massadza And Chicuzire Zone: - *Felix Antonio And Abdul Emamo.* Massadza and Chicuzire are not very populated areas and the houses are distanced between 3.5 km from each other. They are about 15km away from the village of Inhaminga.

Predominant Strongholds: First we highlighted polygamy and tobacco consumption without forgetting that women in this region are totally submissive to their husbands most of the time refuse to receive Jesus without their husband's consent.

A Testimony: Saying that we saw God moving greatly through our lives during our time in these two zones. On the first day of Evangelism we met a lady who was very sick and we talked about Jesus with her and she believed in the word of the Lord she accepted to confess Christ as her Lord, Saviour, and we prayed for her illness and she manifested a demon and without our perception there was a demon manifesting also in the house where we left and the neighbours called us and we ministered the deliverance in their lives.

Another Testimony: We met a Muslim man, and were in his house with his family, we preached the word of God to them and in the end we asked if they wanted this Jesus that we announced and it was amazing as this family identified with the gospel message, and everyone unanimously said we want this Jesus, it was a miracle for us to see that. And also two ladies who attended worship with us and the two women were totally possessed by demons and we prayed with them and were totally freed from demons.

Evangelism In Gorongosa - Paul José Xavier

I arrived on Wednesday afternoon at 6 pm. On Thursday morning I had a meeting with the teachers at the kindergarten, the subject was: How can we prepare so that we don't miss our target with the children, win them for Jesus in this time of Covid 19 pandemic? It was a topic that moved me when I was sharing with teachers.

I visited people together with Brother Faustino, we went to visit some youth from the church, and on Friday I went on a visit to the homes of the members of the church where I shared a word of encouragement, we prayed with the person, then went out to the other house, that was the day and afternoon we had the Friday afternoon service. The guest house was painted, and the afternoon meetings with the praise and worship group was very good, although not everyone was present on Sunday, but the meeting was very good.

Sunday Church service, I was the leader of two services for me was a new experience where what I say in the first service, I made a challenge to the church, and the challenge was: "That after leaving the service when I arrived in home, he needed to gather his family to pray together and share the word for his children". And the same words to speak for the second service was good, and later on listening to the service with the children I found it very interesting to do the service with the children, although the government forbade children from participating in the service, from 13 years old and under can not be at church, I still had the meeting with this group and it was very good.

We finished painting the guest house at the church. And on Tuesday, the time of prayer and fasting for the church was set, together it was a great challenge, because in my schedule it was to paint the church's footer, inside and outside, thanks to God, I managed to do it; and on the outside the blocks are dirty on the underside with rainwater. It was the plan to paint all the blocks outside the church with the same colour as the church so as not to lose the beauty of the house. And in the afternoon I went to visit the grandmas at the church and pray with them, and they were also banned from attending church services because of this pandemic in Covid 19.

Dimba: I went out to a church in Dimba, for an evangelism mission I left on Friday afternoon and came back on Sunday after the service, saying that on Friday it was a little late the arrival was not enough to do the work, on Saturday morning I was helping the leader

with two more active members with the construction of a new house for the people of Dimba because the old house of prayer fell with a cyclone wind, and we made a new bigger house, and in the afternoon we went on evangelism, we got three souls restored, and we prayed with some grandmothers from the churches, saying that when they saw us, they were very happy to say that the people like it when ever and visited for me I was very touched by that grandmother's smile we prayed with her, and she was always excited with joy, and then we stopped by three of the grannies' houses and they were always very happy, and on Sunday they were the first people to arrive at church.

This motivated me a lot, and on Sunday we spent the service, and on the Monday of another week of the 5th I went to the evangelism with the students in Nhamisanguzi for a week, it was a wonderful time watching the students put that into practice. that they learned, I was just spent time with the children there were so many cures in adults and children, during a time we had in Nhamissanguse, there was a child whose mother was possessed with devils, she was a madman for three years, she could do no housework, her stepmother did the work for her, and her 5 year old child arrived at the camp on the first day I was teaching the children about the resurrection of Lazarus, at night the child in her house she told to the mother who was sick, and the next day early in the morning the lady the mother of the child was in our camp asking for the help of prayer, the students prayed with her and after it was normal: I asked that lady how do you know did you know there were people here in the church? And she replied that my son, and the son didn't just send the mother to church, but the son was so sure that the mother would be cured, and on the same day the mother was liberated and was fine and on the same day it was Sunday, attended the service with us I praise God with this, saying that God wants to use children evangelists through us to teach these little ones the way of salvation.

Output Of Evangelism To The Nhassole Area - Nelson Alberto Nacule

A testimony: To begin with we were really surprised to see how God acted through us, right in the first house we arrived we found a father who was sick for two years, he couldn't get up or move his body and in addition he had a big wound on his foot and we prayed with him and the next day we came home again to visit him we found he was very well he was moving and could eat, that made us very happy because it made us trust you more and it strengthened our faith.

Another Miracle: We found a young man who was sick with TB and he was always coughing and we prayed for him and he suddenly stopped and he received immediate healing. This young man received an extraordinary miracle.

Nhamapaza: Isaac Augusto Januário

After our arrival in Nhamapaza we started with the work that was proposed to us and arrived at the house whose house there was a man with mental problems and he went crazy and had a spirit whose when he attacked him he bit the people around him. We prayed for him and he was fine and we took him to take a shower because the family was afraid of him and the fear made them keep him tied up. We untied him and the family told us that it had been 7 years since this problem started in 2014-2021 and this was all made possible by the love of God. After we prayed for him, we invited him to be with us and he didn't have any more problems.

INHAMINGA STATISTICS

This report contains a summary statistics explaining several activities carried out from July 2020 to the present July 2021 at the Inhaminga Base.

Number of people with whom the Gospel was shared: <i>Crusades, Evangelism, House to House, personal conversations, etc</i>	812
Number of people who made decisions for Christ:	572
Number of Pastors / Leaders trained for Ministry: <i>Bible School graduations, seminars with local leaders, conferences, etc.</i>	52
Number of people fed: <i>Kids clubs, emergency help</i>	42
Number of people who have received humanitarian aid: <i>Emergency help through Project Alegria or other assistance of the ministry.</i>	23
Water Baptisms:	113
Spirit Baptisms:	86
Verified healings and miracles:	213
New Houses of Peace	5
New Church Plants	0

NB: We were able to obtain all this data according to the information that was being presented with each member of the team after the work carried out. We want to thank God for making this job possible.

Respectfully submitted by

Aaron Reiff Rissler

Director of Inhaminga Cmapus

NACALA BASE

~ CHRISTIAAN & DEBORAH MAAS AND TEAM

BASE OVERVIEW: *Chris & Deborah Maas, Jemusse Canhenha*

One of the things we love about working with Afrika Wa Yesu Ministries is the ability we strive to develop of flexibly and effectively adapting to situations which are beyond our control without losing sight of our passion and our vision. The enemy is trying his best to stop the Word of God and the true Gospel from being spread by shutting down our usual methods of evangelism and ministry, and trying to shut us down as a ministry by demoralising our human hearts. But our strength is found in Christ Jesus, our purpose and identity is immutable, and our success for the kingdom is guaranteed!

July – December 2020: We were blessed to be able to recoup some of our lost time (from the Covid closures) by completing the electrics course at the Vocational Centre which was started at the beginning of the year. The church in Salinas was completed with painting and finishing details, all the workers were issued with INSS cards, and our team built a church shelter in Chiure. We taught a lot about Covid prevention in the churches, it was a good way to maintain fellowship and contact with the body of Christ, as well as to encourage non-believers and share the gospel. The Bible School dormitories were painted on the inside, leaving them bright and fresh, and we hosted a kids camp in December for a local Mozambican fitness club which was a lot of fun for all the kids involved. We sadly said goodbye to Jeosafá and Simona as they transitioned back to Brazil.

January – July 2021: In January we received a team from Pemba who ran a Trauma Counselling Course with selected leaders from all bases. It has proven to

be very helpful and since then we have trained the rest of the Nacala base, as well as a team from Memba, with the vision of specifically being able to minister to traumatised refugees. The training has proven to be invaluable in all scenarios, from personal to church life to everyday relationships as well. As usual rainy season called for much road repairs, and other maintenance done around the base in preparation for schools opening included: putting up Durawall between the campus and the staff housing, installing electric fence along the top of the exterior wall, installing an extra water tank to help with water consumption, and finishing off our worker's bathrooms. Our building team went to Milange to construct a church shelter like the one we put up in Chiure, and Lucas and Salima stayed there for three months ministering to the leaders and edifying the church. They did a great job.

We were happy to finally open schools in March, with 35 Bible school students, 7 electrics students and 8 carpentry students. By God's grace the Vocational students have all graduated and completed their courses successfully and returned home. We are trusting that the government will keep things open for long enough to graduate our remaining class of Bible School students this month. To keep things running smoothly on campus and especially in the Bible school, we have enlisted Raquel Canhenha to work part-time in the office to help Agostinho with payrolls and other administrative work. She also has taken oversight of the Muzuane kids club since Simona is no longer in Nacala. The kids clubs have not been as active as we would like since the government Covid restrictions are quite severe, but we were able to open briefly and are now continuing with house-to-house classes. Raquel is also in charge of hospitality on the base.

Nacala Kitchen and Cafeteria

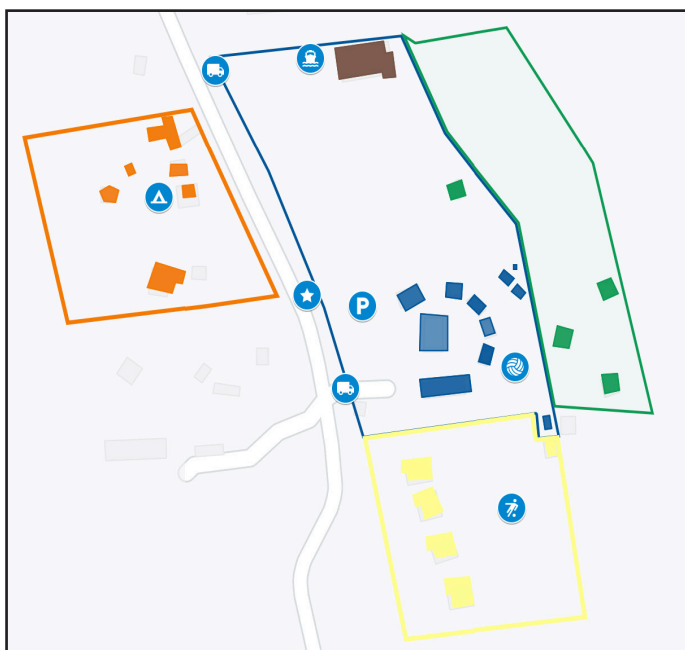

Afrika Wa Yesu Team with the Trauma Training Team from Pemba

We also have Josué on the Nacala base helping with logistics and in a time of discipleship and teacher training, and Álvaro has been teaching many classes in the Bible school and has thoroughly enjoyed this. It is good to see people fulfilled in different areas and learning flexibility at the same time. We were happy to have Leon and Karen spend a few weeks with us as he worked on many vehicles on the base, it was a tremendous blessing. We said goodbye to the Vasco family as Pedro and Lucia decided to move on and work in another field, and Nelson Gomes helped finish training the carpentry students which Pedro left behind.

With the increased insurgent activity in the North, we were able to help some missionaries relocate to Nacala, and we trust that God is preparing to achieve great things through the increased amount of workers on the ground, especially among the Makua-Naharra.

Campus Physical Description: The Nacala Campus consists of five (5) hectares. There are a total of twenty-eight (28) buildings consisting of the following:

- 1 Campus Kitchen & Cafeteria
- 1 Campus Lecture Hall
- 1 Campus Administration Block
- 4 Campus Dormitories
- 5 Ablution Blocks
- 1 Vocational Centre Multipurpose Building
- 4 Faculty Houses
- 4 Hospitality Houses
- 4 Mission Houses
- 1 Service Area
- 2 Matchessas

The campus has electricity supplied by EDM and one (1) bore-hole for water, depth 70 metres. Eight (8)

of the houses have direct EDM electrical supply. The Bible School and the Vocational School have their own direct supply.

All Title Deeds for the original property are in hand, except for lots 64, 65 and 66, and the land between these lots and the beach. Final action to transfer Lot 66 (including Maas house and Hein Cottage) have been submitted to Department of Finance for final registration. Final action to transfer Lots 64-65 to AWY ministry requires an in-person signature from the current titular who has been out of the country for the past year. We await Mr Reetz' return to finalise the transfer of these title deeds.

New Development:

- Road works: constant repairs on municipal road, as well as drainage and pathways on campus.
- Vehicle Maintenance: Minibus, White truck, Blue truck, Nissan Pick-up, Crane truck, all in working order
- Staff matchessa completed
- Durawall separating the schools from the faculty residences was installed
- Electric fence along the top of the external Durawall was installed
- Doors on storeroom next to the football field

Events:

- Votec Electrics Course September-December 2020
- Trauma Training January 2021
- Team Mini-Conference – February 2021
- Bible School March – August 2021
- Votec Electrics course March – July 2021
- Votec Carpentry course March – July 2021
- Trauma Training for external team – May 2021

Future Projections:

- Construct workshop and storage area
- Replace main water pipe on West side of campus
- Install credilecs on two campus houses
- Connect to Fipag
- Resolve outstanding title deeds
- Campus Administration Office renovated – toilet, archives, storeroom, ceiling, library, "Admin Block"
- Mission Hospitality Houses – renovated, aircons, fridges, kettles replaced.
- Construct three more faculty houses
- Replace dormitory roofs

Campus Staff/Workers: Currently there are thirty seven (37) permanent workers and faculty and four (4) temporary staff on the AWY payrolls. They are as follows:

- 15 – Night Guards
- 10 – Gardeners/Day Guards
- 7 – Teachers/Admin
- 3 – Cooks
- 2 – Domestic Workers
- 3 – Woodshop
- 1 – Driver
- 1 – Builder

All permanent workers are fully documented with B.I.'s, contracts and employment folders. INSS registration is complete for all workers.

Regarding the workers' environment, I can say that the Lord has helped us so far. In the past there was no good relationship between the workers, there was division, a group considered themselves to be Pai Jeff's workers, and others considered themselves to be Boss Chris' workers, this took time and when it comes time to unite it became difficult for them. But thanks be to God with the attention of our leaders Boss Chris and Mrs Deborah we made the workers feel loved, and they now know that there is no difference we are all equal and we are workers of Afrika wa Yesu, this

causes great respect for each other.

Strategies we use to bring about change in workers: We always think about change and strive for change, our desire is to see the best happen, so we think it's best to set aside at least one (1) day a week just to talk to workers to hear their heart. One of the things we thought about doing right at the beginning was repairing the workers' bathhouse and putting in new toilets and showers. We also had fun games with workers and students, meal time together with workers etc. All this helped for our union with workers, and they feel loved and valued.

Change in workers' personal lives: we know that in the past there were problems with theft caused by workers, in the conversations we always had I found out that many of our workers were in debt, and many of them had no wages because their bank cards were in the hands of other people they owed; we appealed to them to pay off debts and we thought about creating a savings bank, so that everyone could save for when the person is distressed to use the money in the bank. this is working and is helping a lot, so far we

Blessing workers during morning devotions

Assembling louvred windows in the woodshop

haven't registered thefts thanks to God. Because of the consideration of our Leaders the workers feel at home, I believe it also helped the workers to see things from work as theirs. We have 3 workers namely Simon, Abdul and Trinte who accepted Jesus as the Saviour of their lives and were Baptized in the month of July this year.

I want to thank God and our Leaders for the love they have given us.

Respectfully submitted by:

Christiaan and Deborah Maas

Directors Afrika Wa Yesu Nacala Campus

~ With Jemusse Canhenha

NACALA BIBLE SCHOOL: ~ Agostinho Gamboa

Introduction: Praise the Name of the Lord Jesus Christ, Peace, Love, Grace and Divine Joy to all AWY Team members, we greet you all with the peace of our Lord and Saviour Jesus Christ. And we also praise God for the work of each member who is part of this team, serving God full time.

We particularly salute the Ministry leaders for their affection and commitment to our growth, we are growing and learning something new as the Holy Spirit reveals to us something from God. Also thanking God for unity and working as a team, we are growing in unity and growing on another level according to the power and anointing of the Holy Spirit.

Just like last year, this year we also worked fully with four teachers: Agostinho, Lucas, Jemusse and Álvaro and we also had the support of our brother Josué and Raquel Canhenha. The group of teachers has grown a lot and has also reached an exceptional level of maturity, we have seen growth of each one in the classroom as well as outside it with the students and in the community.

Achievements: 2020 – 2021 Similar to the previous

year, this year was also very tight because of the state of public calamity that was declared by the Mozambican state. During the year we did more in the work of encouraging visits to the leaders of our local Churches; Supervision of Churches in the areas of our jurisdiction, Jesus film projection, personal evangelism, Evangelism with students, outreach ministry within our jurisdiction area as well as in Cabo Delgado Province.

Student Evangelism: This year we went to the areas of Coutinho, Mutheia, Salinas and Merunguze within the District of Nacala-a-velha, Muzuane in Nacala and Namialo in the District of Meconta. Here we evangelized, showed the Jesus film and encouraged people by ministering and praying for them, we distribute Bibles and Gospel tracts. Through prayer some were healed and delivered by the power of the Lord Jesus. We visited believers' homes encouraging them to stand firm in God and His Word.

Testimonies: *Salinas:* Here in the north, when we say that Jesus is the Son of God and Saviour, it is an insult to Muslims, and it causes many to close their doors so as not to enter their homes, but the group that was operating in this place was instructed to speak the truth. That only Jesus is the One who Saves and He is alive and will return, and also that He is the Son of the Living God. We preached the Gospel and did not hide the truth, it was a great challenge, but it helped some to make a serious and right decision. Many accept Jesus only as a way to send the group out of their homes, but this time of the 30 who accepted Jesus, 12 came to Church on Sunday and 8 were baptized, and had the opportunity to participate at the table of the gentleman on the beach. And we couldn't stop talking about a man named Candido, he was also a leader of a mosque and head of the neighbourhood, but he accepted Jesus and we baptized him. We are happy!

Merunguze: The group was divided into two small groups, one group for Merunguze and the other for

Celebrating Easter with a drive through the city

but could not walk where there was water. The students prayed for her and received her healing and immediately got up and walked alone to the baptism site. She saw the hand of God. And she believed the existence of Jesus, because of this testimony of hers, she made the other believers stronger.

Coutinho: Fruits of the work of evangelism in Coutinho Conversions: We had 58 souls who received Jesus as their personal saviour of his life. Of which 8 came to attend church services and are now members of our church effectively.

Two people received remarkable cures: The first is a father who had problems with his legs and one side of his arm did not work well, this man 's family took him to church in the evening service we prayed for him and on Sunday he came again to church and we pray for him and this Sunday he walked alone from the church to his house. The second is a child in arms healed on Sunday in full worship with the mother we prayed for her and she was healed.

Children: We do not leave the children behind because we know Jesus loves them, 30 children received Jesus as their saviour.

Women: The mothers had a small seminar to encourage them with Salima and the students, other mothers came from Covo and it was very good, our desire and to see mothers growing for the work of Christ.

Namialo: As a result of Evangelism work more than five hundred (500) people heard and received the Gospel of the kingdom; One hundred and forty-two (142) souls received Salvation by accepting Jesus Christ as Lord and Saviour, including One hundred and four (104) adults and Thirty-eight (38) children. Eight (8) Souls were baptized in water, Three (3) people received healing through prayer and laying on of hands.

Some testimonies of events that marked my life during our time in Namialo. A man named Camilo was found very drunk with a bottle of drink and a

Student baptism on the beach

cigarette in his hands, and as soon as he saw the group he was evangelizing, he began to cry bitterly and asking the group for help to help him get rid of that addiction. And immediately he threw away that drink and cigarette and asked the group to come into his house to speak the gospel and pray for him. He said "I WANT TO RECEIVE JESUS, HELP ME BROTHERS I'M LOST, HELP ME BROTHERS TO RELEASE ME FROM THIS ADDICTION" The group asked him to go rest and promised to return to his house at another time. Having returned we talked to him about Jesus and the next day he presented himself at church, GLORY TO GOD.

The other event that left a mark on me was on the return journey. When the car that was going to take us to Nacala arrived, there was a woman inside, coming from Nampula, very sick and crying with screams of pain, it disturbed us and we decided to pray for her at that moment, while we prayed some people in the car laughed us off. Something unprecedented happened, as soon as we finished praying that woman's pain stopped and immediately she was silent, she was healed and traveled calmly for the rest of the trip. GLORY TO GOD.

Bible School: We entered this year with great expectations of seeing growth and breakthrough in our lives and in the lives of the students. We received thirty-eight (38) students, of which fourteen were from the class that had not finished last year. Among them, thirty-two (32) men and six (6) women. Unfortunately two students returned home before their time, and we were left with thirty-six (36) students. We started classes knowing that at any time we could be shut down, and because of that we valued every moment available to us.

As for the students, they came with great expectations, and we made a good selection of students, we had a greater balance in this time where we had many students with a good level of education, and that's why they were able to grow faster.

Faculty and students at Nacala Graduation, 2021

In the Spiritual Formation God helped us a lot, the students were strongly visited, for example a student named Abiel Raitone from Cuamba was overwhelmed by the Holy Spirit, he spent hours crying and manifesting the Holy Spirit and being treated from within. After that time, the student shared his testimony of how God had visited Him. In general, all students began to flow in the gifts of the Spirit.

We baptized eight (8) students in the water. During the time of the deliverance ministry, the students were very open and confessed their strongholds, renouncing sin and the curse. This year, only Pastor Mariano came to visit us as part of an exchange of experience, no teacher from Nacala went to Inhamitanga for the same purpose because of work, but we are happy.

Distance Learning Course: We graduated twelve (12) students. For various reasons not explained, seven students did not graduate. We are happy to help other brothers to know God and His Word through this course.

School Statistical Data: In the year 2020 we did not

to manage our food warehouse. The warehouse continues to be supplied by products purchased in the local market.

Visits received: This year we did not receive visitors from outside the country due to the Pandemic situation, the visits we received are exclusively from Afrika Wa Yesu Team Members from other bases. We are grateful for the visit of each one of them in particular. To our Founding Fathers we would say that they did not visit us, but were almost living here in Nacala bringing energy to the Base and to each member of the Team.

Visits made: Our team has made several trips to Cabo Delgado, once to Zambézia and once to Niassa, These trips especially to Cabo Delgado some of them were risky because it is an armed conflict zone, but even so the purpose of these trips was greater, and the Team went to distribute food to victims of terrorism, Church building in Chiure, Conference and Apostolic visits. Zambézia, concretely in Milange was even to build the

Graduates up to 2019	Total 546	497 Men	49 Women
DATA for 2021			
6-Month Course	Students Received 38	32 Men	6 Women
Non-graduated	Total - 2	2 Men	0 Women
Graduated after 6 months	Total 36 Students	30 Men	6 Women
Correspondence Graduates	Total 12 Students	7 Men	5 Women
Total Graduates 2021	Total 594 Students	534 Men	60 Women

graduate students from the Bible School. In 2021, 30 men and 6 women graduated from the Bible School.

Logistics: This year we improved our diet a lot, our storeroom was always stocked with enough food for every moment the students were with us. This year it was a great privilege to train Professor Rogério

It's a big achievement to graduate from the correspondence course.

Church and Niassa was an Apostolic visit in Mecanheas to help the Leaders and encourage the Church.

Past and Participated Events: We continually praise God for the opportunity and continuity of hosting great gatherings, who come to bless us. The only events we had during this period were: the Apostolic Conference, Trauma Healing Trainings, where in the first training we the Team received the training and then we offered the same training to the group coming from Memba.

Despite much difficulty because of the state of calamity declared by the Mozambican State, we are grateful to God and have no reason to complain, and we say thank you Jesus.

~ Agostinho Gamboa Lisboa

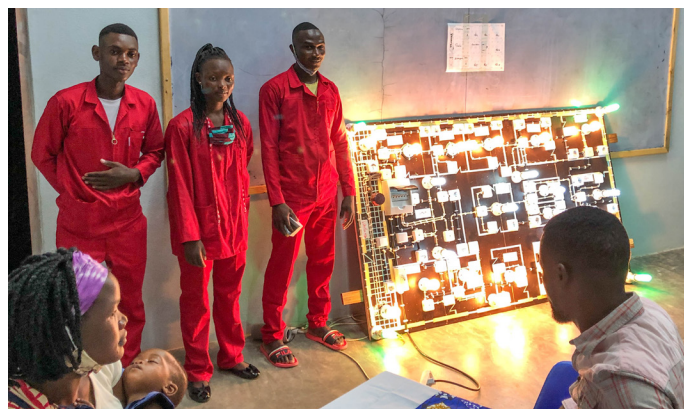

Electrics Class of 2020

VOCATIONAL CENTRE: ~ Chris & Deborah Maas

2020: It was a great victory to graduate 12 electrics students last year, in spite of the government lockdowns and school cancellations. Another victory was the fact that one of these was a lady, who is continuing to work very well in her field with great success. Rogério did a good job teaching, he is very thorough and wants the best for his students, always pushing through to the next level on their behalf and developing good relationship with them.

2021: We opened late after some delays and decided to split our intake between two studies to use our time more wisely – so we had 8 electrics students and 8 carpentry students. By July we had graduated

7 electrics students (one returned home) and all 8 carpentry students. The electrics class was a joy to witness graduating, and many of them continue to keep in contact with our staff, developing their business at home. Sadly, halfway through the carpentry course, Our long-time carpentry instructor, Pedro Carlos Vasco, decided to leave Afrika Wa Yesu Ministries. It was very hard to process the conflict and loss in the team but we are so proud of the way everyone pulled together and picked up the slack. We enlisted Nelson Gomes who used to teach carpentry here and is currently employed as a driver / carpenter to help finish instructing the course. Praise God, we were able to graduate the group successfully.

Follow-up: Follow-up has been difficult this year, it seems to have been a year of staying on base and strengthening what we have here on the ground. However, we hope to enlist all Afrika Wa Yesu Team members in the months to come to connect with alumni across the nation and touch base with them, encouraging them in the Word and in business.

Woodshop: The woodshop continues to trundle along with enough orders to keep the business going. We have had a few good orders in but with the covid problems we have been facing, a lot of people have stopped building because of funds and this has affected the work we do. We have not stopped looking for work and have been exploring different avenues, eg, pallets, packing boxes etc. We have also started to work with an education business that supplies

Electrics and Carpentry Classes of 2021

education materials made out of timber and we are hoping that this will develop into a regular order. It will be good as it will be large orders at a time. We have also had a few people from our local area making enquirers and requesting quotes for doors, several of which have been accepted. This is an encouragement as it shows people are now wanting good quality doors. The overall work and skill level of the carpenters has improved but there is one area we need to improve on is the speed of our production. This area needs our attention. Overall we are moving forward and are improving.

Vision: One area we would like to develop more is in the aspect of micro-enterprise – especially in helping displaced church members get back on their feet. We would like to work more with women and perhaps resurrect the Farming God's Way campaign, and are looking for opportunities to make this happen.

~ Chris & Deborah Maas, Votec Directors

KIDS CLUBS: ~ Raquel Canhenha

Dear Leaders and Dear Team, receive my warmest greetings, and may the Lord's peace be with you. Since last year, we have been working with difficulties because of the pandemic, but even so we have not lost heart. Since December of last year we started preparing ourselves so that this year we could start successfully.

Activities performed: We began our work by checking everything the school had to do to make a new record. We checked plates, cutlery, pans, cups. We checked the material we had in our office, material from Jardim One (1), material from Jardim Two (2) and finally we set it up.

- 1- We maintained the children's bathroom.
- 2- We put a new door in the bathroom.
- 3- Maintenance of water reserve tanks, which were dirty from not being used for a while.

Teaching preschool in shelter's in the parent's yards during shutdown.

We did general cleaning in the precinct of the school and washed the walls of the classrooms that were very dirty. We also washed the kitchen walls. And we cleaned up the toilets, and replaced the broken faucets.

During this period, while we were waiting for the reopening of the little school, 160 visors were made by hand, 80 books for kindergarten 1 and kindergarten 2 were published, and we also had the pinafores made for children's uniforms.

In February we started advertising school year enrolments, and we walked around the neighbourhoods, giving out enrolment announcement cards as we waited for the president to declare schools open. We waited until the month of June, on the 1st of June to announce a party for the children in the neighbourhood who live around the small building and more than 300 children participated, it was a day full of joy. During the party we told Bible stories and about Jesus, and finally released an appeal and some children received Jesus as Lord saviour of their lives. We also prepared some gifts for all the children of workers.

On June 28th we started classes. In the beginning not a lot of children came, but we always received new participation, and we received parents and guardians who came to register their children. We now have a total of 42 children, where 12 are from KG1, 17 are from KG2 and 13 from school support. All the staff who work at the kindergarten were very happy and excited about the children and the classes, and the children were doing really well and loving to participate in the classes. In conversations with some guardians of education, I could see satisfaction with

After school extra study help for the older kids

what the child was learning, and the change that the children were showing in their homes.

Much to our dissatisfaction, the preschools were closed. When the schools closed we divided the children into 4 groups, where the teachers continue to use it in the morning and in the afternoon.

Difficulties: the school consisted of 6 educators, but before we opened 2 educators, namely Armando and Isabel, decided to no longer be part of the little school. At the beginning they were missed, but as time went by, everything was fine, because we had to look for new teachers, but it's already okay.

Future Vision: Our future vision is to have greater numbers of children whose parents pay monthly, and also sponsors for each child who has no possibility and orphans. And another one of our great desires is swings for children to play with.

Young people: since last year we had a meeting of young people, teenagers every Saturday at the Muzuane wa Yesu Church in the morning, where we are created meetings for young people, teaching the word, and some Saturdays we evangelized young people in the neighbourhoods. After the church closed we still didn't stop for a while, some nights we gave Jesus film and other evangelistic films.

Changes: when Simona and Jeosafa left, we started to notice some changes, many young people no longer came, but we continued to encourage them, and evangelizing new ones, but when Armando left almost all young people he took to his church. But let's not stop there, let's reactivate the group of young people who will not be motivated by personal interests, but by love for Jesus.

I want to thank the Leaders for the support they give us.
~ Raquel Canhenha

EVANGELISM, HELPS, MISSIONS: ~ Lucas Moises

We want to thank God for what he has done in our lives here at Nacala base. We know that this past year has been a great battle in the Gospel, yet always our God has given us the opportunity and wisdom to move forward with the gospel.

Cabo Delgado: We made 6 trips to encourage the Church and help refugees with food, pots, plates, plastic and blankets. The result of the intensive travels of the teams to Chiúre was the baptism in the waters, with 30 members and the construction of the church in the district of Chiúre. The total number of those who went to Chiúre and Pemba-Metugi are 230 families. We took a trip to Macomia to visit the brothers who have not fled to other places, it was very good to have our team there because it encouraged the Church a lot and the brothers know they are not alone, to say that the church in these areas is still very firm.

Nampula: In the Districts that our base covered with aid, in addition to Nacala and Nacala-a-Velha and Memba (Mutheia) are, Meconta – Namialo, here we helped needy families, especially refugees who were part of the membership of our Church, with products

food and blankets, the total number of those helped are 73 families.

We have been assisting in churches around the base such as; Muzuane, Salina, Coutinho, Racine, Meringuzi, Covo and Mutheia with intensive evangelism with the students and sometimes we help the needy, for example we recently helped a child in Merunguze with a health problem, the child's belly was filling, we took it to the Hospital Nacala District and has already been transferred to Nampula and is now receiving intensive care at Nampula City Central Hospital.

Zambezia: Our base sent a team to Gurue last October to evangelize and encourage the Church to stand firm even in the difficulties facing the world. Our base team covered the Milange district for a period of 3 months, and there we helped with the construction of the church in the Mauza area.

Jobs done with the team that was there were evangelism, encourage churches and train leaders, 48 leaders were trained at the milange level through a Leaders conference, during their stay they baptized 22 souls in the waters. This year we didn't have Crusades because of external situations that we have no way of controlling the situation was and it is difficult for us. In everything we want to say thank you very much.

~ Lucas Moises

CHURCH PLANTING

~ PR. ARMANDO JÓ

Dear Founders and Afrika Wa Yesu team members!

It is with distinguished honor that on behalf of the National Directorate of the Afrika Wa Yesu Church and on my personal behalf, we submit this report in summary form of the joint activities from North to South, East to West. We are aware that this report is a summary of the numerous activities carried out in the period in question, although the work of the Church is inserted in any sphere of our ministry. It is a pleasure to serve Christ in this ministry and alongside each one of you!

PANORAMIC VIEW OF THE PROVINCES:

1. Cabo-Delgado Province: I want to begin the report of the Province of Cabo-Delgado, reporting the great difficulties that our Churches in Cabo-Delgado have gone through and continue to go through the same situations that affected the Province. The People in the region of Awasse Wa Yesu, District of Mocimboa da Praia, Litamanda Wa Yesu, District of Macomia, our people, were forced to migrate to other safe regions.

Macomia Wa Yesu, despite suffering attack in 2020, the people spread, but later some returned to Macomia. Our village church has new leadership, but the church is doing very well.

Leadership: In addition to the political crisis in the Province, the church also went through a very critical moment, without strong and relevant leadership in times that so badly needed leadership to care for, direct and help the church. During this period, several families were sent to that province, setting up a base in Chiure, with the help of the Afrika Wa Yesu Ministry: Casais Lucas, Pedro and then couple Braimo. We thank God for the readiness of these couples and the help provided to the people last year!

Currently, the church in that Province is rising up

and many good things are happening in the sphere of leadership and evangelistic effort. Our focus, as the National Church Directorate, is to continue to consolidate the maturity and consistency of the Leadership, focus on evangelism and expansion to other areas where the people are taking refuge, in line with the guidelines discussed during the Provincial Conference held in Chiure in May of 2021.

2. Niassa Province: Afrika Wa Yesu, continue active in two districts of Cuamba and Mecanhelas. Belito is our main leader and we have a group of very good young people who have gone through Bible schools as a support base. In 2020, Nampula evangelistic team went to Cuamba and spent 3 weeks doing evangelism, leadership training seminar and visiting Cuamba believers. In addition, the Nampula team, Jemusse, went there after the first team went there and that helped the people a lot.

Also the extensive rehabilitation work of Cuamba Wa Yesu, legalization of the building process and this helped the church to rise. Cuamba is about 300km away from Nampula and the Pastoral visit there is not possible constantly, however, we believe that at least twice in a year, it is possible to visit Cuamba.

3. Nampula Province: Pastor José Joaquim Braimo, is Nampula Provincial Coordinator and he is a great Church planter, which Afrika Wa Yesu has. Nampula Province has its advantages in having two bases Nacala and Nampula and that makes a big difference. Church in this Province is breaking out in various directions, particularly evangelism, and encouragement visits among other aspects.

It has leadership in very well organized and better functioning churches, taking care of their basic local needs. Nampula has become one of the most preferred

and safe spots for many people in Cabo-Delgado. Much humanitarian action was taken in terms of distributing food and other basic necessities for survival.

Leadership Seminar in Ribaué District and we plan to continue doing the same once the churches are reopened.

4. Sofala Province: The Church is very active and ongoing. Pr. Mariano Nota leads the Province with great dynamics and mobility. Our churches are located in the upper Sofala region, that is, from the city of Beira, following the road to Manica and we have no representation in lower Sofala, in the heart of the Ndaú people.

We want to highlight the resilience of our leaders to the invitations to leave Afrika Wa Yesu, by the group of deserters, but without much success. Some have fallen into the bird man's snare and let themselves be carried away, but very few churches, between 2-3.

One of the biggest challenges in Sofala were the natural phenomena (Cyclone Idai) and the Province is still on its knees due to the huge impact. However, there is a lot of good will and attitude of determination from the people in Sofala to get back on their feet. May God help our people in Sofala.

5. Tete Province: It is with great joy that we report a new advance in the evangelism in the land of the Nhungwe people, especially with the establishment of Matundo Wa Yesu under the leadership of Pr. João. In the period 2020-2021, there has been a lot of evangelistic activity, especially in the outskirts of Tete city.

Also, we are very pleased that we announced the purchase of the space for Tete Wa Yesu this year and we are looking forward to what will happen, not only in the city but also in the Province. One of the biggest challenges that the Province has is in the sphere of leadership and we are going to create a dynamic in that direction. However, we congratulate the Province for its progress, especially with the advent of Pastor

João. Well done Tete Wa Yesu.

6. Zambezia Province: Fertile land, is the characteristic of Zambézia. Afrika Wa Yesu has the largest number of churches in that province and continues to grow, under the leadership of Pastor Mário Novo, he is Provincial Coordinator and an excellent church planter.

There are six (6) coordination centers where several churches that are in a certain region, meet in the same place for collective work and training. This year, Pastor Mario made a general visit to all six centers to encourage and give some guidance on how the churches should go during this period of church closure.

General challenge. Lack of unity and submission in the sphere of leadership, however, has been resolved and the group is now walking in unity, particularly in Milange. Another important aspect to highlight is the two buildings built in Milange vila and Mauza. The Pastors are very happy for these constructions, as the response and prayer took a long time. Although the leadership has a structure, even so Zambézia needs grassroots work and official recognition in the leadership due to the new legislation that will soon be implemented.

7. Manica Province: It is with great joy that we report the progress of the Church in Manica, after some time of stagnation, today the Province is in a new era. Currently Manica is growing qualitatively, quantitatively and in expansion. Chimoio Wa Yesu, as the host church, has a considerable number of quality and more committed men and women and that is very good. Pr. António's family changed residence, from the church house to their own residence and this is already very good.

8. Inhambane Province: We have two churches, one in Pomene and the other in Minerva, which are still standing. Inhambane, like any other region, has the potential to grow, but at the moment this trend is not being a reality.

NATIONAL LEADERSHIP: We celebrate the progress made in various areas, at the base of Nampula, and below I highlight some areas:

National Church Directorate

1. *National Coordinator:* Pr. Armando Jó
2. *Deputy National Coordinator:* Pr. Mariano Nota
3. *National Secretary:* Prf. Agostinho Gamboa Lisboa
4. *National Treasurer:* Pr. Antônio Gimo
5. *National Councilor:* Pr. Lino Gravata
6. *National Adviser:* Pr. Chris Maas

National Coordination Of Women:

1. *National Coordinator:* Pra Lourdes Jó
2. *Deputy Coordinator:* Pra Rosa Gimo
3. *Secretary:* Pra Etelvina Gravata
4. *Finance:* Pra Graça Nota
5. *Counselor:* Mis. Patricia Rissler
6. *Counselor:* Pastor Deborah Maas

PASTORS ORDAINED BY AFRIKA WA YESU:

1. Pr. Armando Jó
2. Pr. Lino Gravata
3. Pr. Mariano Nota
4. Pr. Antônio Gimo
5. Pr. Christiaan Maas
6. Pra. Ethelvine GRAVATA
7. Pra. Deborah Maas
8. Pr. José Braimo
9. Pr. Anísio Francisco
10. Pr. Marcos Njiva
11. Pr. Aquimo Paunes
12. Pra. Rose Gimo
13. Pra. Lourdes Jó

14. Pr. Luís Sinesio
15. Pr. Julio Segredo
16. Pr. Sumateus Florindo
17. Pr. Graça Nota

LIST OF UPDATED CHURCHES: Enclosed we submit the updated list of Afrika Wa Yesu Churches and due to some communication difficulties, it was not possible to have the data in its exhaustive form. However, the attached document represents the real situation of the Churches. (See attachment)

FINANCIAL REPORT: We have noticed some satisfactory growth in financial income nationwide and we will continue to make an effort in teaching and mobilizing the Churches to become an autonomous church.

We are implementing that each National Board Members contribute 1000mts, Ordained PASTORS with 500mts, Elders with 250mts this once a year. While each local church will be contributing the fee of 100mts per month.

CONCLUSION: We thank the Lord Jesus, for His grace that enables us to do His work. It is our wish to continue to winning souls, make disciples, train leaders and plant churches.

Serving Christ together, until He comes.
~ Pastor Armando Nicolão Jó

Values of the House

The vision is founded and sustained by Kingdom values. Otherwise, it would no longer be the pattern of God. The values that sustain our house are:

1. **Deus.** We believe that He is triune: God the Father, God the Son, and God the Holy Spirit, and the three are One. We love Him with all our soul, spirit, mind, and strength. He is the priority of our love, obedience, and worship, above all else. Luke 10:27
2. **The Family.** We believe in the family as an important pillar in the Kingdom of God, and only in the marriage union between one man and one woman (Genesis 1:27).
3. **The Value of God's Word.** We believe that Scripture is the absolute and total truth, inspired by God, and the foundation of our lives (2 Timothy 3:16). We commit to putting it into action (James 1:22).
4. **The Kingdom of God.** We believe this is the invisible, absolute, and true government of God. Therefore, we practice its values, principles, mentality, and laws-carrying out His will is our passion and desire (Hebrews 12:28).
5. **Passion for Progroess.** God's desire is for us to prosper in all things. Because of that, we value constant growth and seek to mature, push forward, and enter other levels and dimensions of vision, faith, anointing, glory, and blessings (3 John 1:2).
6. **The Value of Generational Transference.** We believe that our God is a tri-generational God: the God of Abraham, Isaac, and Jacob. We also believe that fathers have the ability and grace to impart upon their spiritual and natural children all they have accomplished - a material, emotional, and spiritual inheritance (Exodus 3:15; Deuteronomy 30:19; Luke 1:50).
7. **Purpose.** We are fully persuaded that all human beings were born and created by God with a purpose; and if they discover and develop it, they will leave behind a legacy here on earth. Only then can it be said that a person has, or had, success in life (Ecclesiastes 3:11).
8. **The Character of Christ.** We believe the goal of every man and woman should be to strive-every day-to form and develop the character of Christ in their lives; to be kind and to live in integrity, humility, fear of God, holiness, and maturity just as Jesus did. Jesus is our role model, and we must imitate, honour, and follow Him (Romans 8:29).

Declaration of Faith

- **The Bible.** We believe the Bible to be the inspired living Word of God; infallible and unchanging from Genesis to Revelation (2 Timothy 3:16).
- **The Trinity.** We believe in God the Father, God the Son, and God the Holy Spirit; these three are One (1 John 5:7).
- **The Deity of Jesus Christ.** We believe that Jesus is the only begotten Son of God, born of a virgin; that He was crucified, died, and on the third day rose from the dead; that He ascended to Heaven where He now seats at the right hand of the Father (Isaiah 7:14; Luke 1:30-35; Acts 2:32-36).
- **Salvation.** We believe that salvation can only be obtained through repentance and the confession of our sins; that it is a gift given by divine grace and not by works, and it can only be received by faith in Jesus Christ-the only mediator between God and men (Acts 4:11-12; Ephesians 2:8; 1 Timothy 2:5).
- **The resurrection of the dead and eternal life.** We believe in the second coming of Christ for His people; that the dead will rise first-saved and unsaved; that Christians who are alive will be caught up by Jesus; that everyone will experience the Judgment; that believers will resurrect to eternal life with Jesus and will stand before the judgment seat of Christ while unbelievers will resurrect to suffer eternal damnation and will be judged at the Great White Throne of God (Daniel 12:1-2; Romans 14:10; 1 Thessalonians 4:13- 17; Revelation 20:11-15).
- **Sanctification.** We believe that sanctification happens instantly in the spirit but that it must be progressively developed in the body and soul of every child of God (Hebrews 12:14; Romans 6:19-22).
- We believe in the **baptism in the body of Christ** by which the individual accepts Jesus, experiences the new birth, and becomes a new member in the body of Christ and heir to eternal life (1 Corinthians 12:27).
- We believe in the **baptism in water** as a symbol of identification with death to sin and with the resurrection of Jesus for eternal life (Romans 6:4).
- We believe in the **baptism of the Holy Spirit** with the evidence of speaking in other tongues, through which we are empowered to become witnesses of Jesus to the world (Acts 1:8; 2:4).
- **Laying on of hands.** We believe that one way to transmit blessings, healing, and the power of God to others is through the laying on of hands (Acts 8:15-17; 1 Timothy 4:14; 2 Timothy 1:6).
- **The five-fold ministry.** We believe the five-fold ministry is a gift given by God to the body of Christ (Ephesians 4:11-12).
- **The governing ministries.** We believe the apostle and prophet are governmental ministries that establish the foundation and biblical doctrine in the church (Ephesians 2:20; 3:5).
- **The apostolic government.** We believe in establishing the apostolic government within the local church, with the apostle as the head, the prophet as part of the government, followed by the ministers and elders (Ephesians 4:11; Acts 14:23).
- **The Kingdom of God.** We believe in the Kingdom of God as a government where Jesus is King, and both are absolute and supreme truths (John 3:3; Acts 8:12; Romans 5:17; Hebrews 12:28).
- **The healing and delivering power of the Kingdom.** We believe in the power of the Kingdom to heal the sick, cast out demons, and perform miracles, signs, and wonders (Mark 1:32-34; John 14:12; Matthew 12:28).
- **Faith.** We believe that without faith it is impossible to live a life that is pleasing to God and that we inherit the blessings by faith (Hebrews 6:12; 11:6).
- **Preach the gospel.** We believe in expanding the gospel of the Kingdom at the local, national, and global level by any means possible (Matthew 24:14).
